The DfT carries out evaluations of commercially available security equipment testing automated detection capability against performance standards. As part of the continuing increase in security capability, the DfT are looking to purchase commercial equipment in support of its R&D program to assist in the speed of deployment of new algorithms and better systems.

As part of that program the DfT Research, Analysis and Development (RAD) team are looking to purchase an explosive detection system for cabin baggage (EDSCB) computer tomography x-ray system, with ongoing support and maintenance.

Please see the procurement documents for all information.

Please access the Invitation to Tender documentation via the Jaggaer platform <a href="https://dft.app.jaggaer.com/web/login.html">https://dft.app.jaggaer.com/web/login.html</a>

And search for ITT reference itt\_1311 - Explosive Detection System for Computer Tomography Cabin Baggage Screening, should you wish to participate in this opportunity.

If you are not currently registered on the DfT's Jaggaer platform, please register your organisation for an account.

The DfT is planning to host a Bidder Briefing Session on 27 January 2023 hosted via Microsoft Teams.

Additional information, including the final date/time, will be circulated via Jaggaer in due course.

If you would like to attend, please raise a clarification via Jaggaer with the representative's name, job title and email address (maximum of 2 representatives).
