VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the contract):

The extension is being sought in accordance with Regulation 72(1)(c) of the Public Contracts (Scotland) Regulations 2015 which states:

72.(1)(c) A contract and framework agreement may be modified without a new procurement procedure due to circumstances which a diligent contracting authority could not have foreseen.

The modification is being sought due to the Covid-19 pandemic and its ongoing effects.

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Measures to control and contain the spread of the Covid-19 pandemic are continuing to cause significant disruption for Scottish public sector organisations and office equipment suppliers. Non-critical public sector buildings remain closed as staff continue to work from home and it is uncertain when public sector staff will return to work and at what capacity. This is having a significant adverse effect on framework suppliers' ability to predict the scale and scope of future demand for equipment and associated services.

The extension of the framework for up to 12 months to June 2022 will provide the authority sufficient time to develop documents for the replacement framework and will commence the procurement process at the earliest opportunity taking into account market conditions, the needs of Scottish public sector organisations and the outcome of supplier and stakeholder engagement activities.

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £54,000,000

Total contract value after the modifications

Value excluding VAT: £56,000,000
