Maintenance of Seegene Starlet and Nimbus Platforms

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Public Health Wales utilise the Starlet and Nimbus platforms across the laboratory network as the main medium throughput platforms for Covid-19 testing.

It has been confirmed by the manufacturer the analysers have a 7-year life expectancy therefore planned preventative maintenance is required for the remainder of the lifespan. NWSSP Procurement Services cannot identify a Framework Agreement that can be used to award this contract.

For the reasons outlined above and to ensure continuity of the analyser maintenance, PHW have no option but to enter in to an agreement without any formal underpinning Framework Agreement for a 36 month period.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
