Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Major Project Partnering Framework - Large Capital Works

Reference number

IF106

II.1.2) Main CPV code

- 65000000 - Public utilities

II.1.3) Type of contract

Services

II.1.4) Short description

NI Waters intends to set up a Major Project Partnering Framework (MPPF) to support delivery of the major projects (over circa £10million) within the proposed Living With Water Programme (LWWP) and PC21 (and PC27) Capital Investment Programme.

The IF106 MPPF will be set up as 3 individual Lots as follows:

Lot 1: Civil engineering design consultants

Lot 2: Civil engineering contractors

Lot 3: Process engineering contractor

Stage one of the process will be a Framework Competition to appoint discipline specific suppliers under the Lots identified above. Stage two will entail secondary competitions for suppliers who are successfully appointed to the Framework who will tender for bundles of works and will be appointed in line with the process and criteria described within the tender documents.

The works will be undertaken under the NEC4 suite of contracts and the successful supplier will be expected to work collaboratively with the client and the other successful suppliers throughout the duration of the projects.

Economic Operators are entitled to submit tenders for 1, several or for all separate individual Lots of the Framework. However please note that NI Water will not appoint the same Economic Operator or Group of Economic Operators to more than one Lot. This rule will not though preclude the appointment of an Economic Operator to one Lot and the appointment of the same Economic Operator as part of a Group of Economic Operators or as a subcontractor to another Economic Operator or Group of Economic Operators on another Lot.

Further information on the MPPF can be found at <https://www.niwater.com/new-procurements/>. This information was previously shared within the Market Engagement sessions held by NI Water in September 2020 following the advertisement of the event on eTendersNI.

The initial procurement documents for all Lots are expected to be published [end of March / early April] 2021 although this may be subject to change at the discretion of NI Water.

II.1.5) Estimated total value

Value excluding VAT: £1,200,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Maximum number of lots that may be awarded to one tenderer: 1

II.2) Description

II.2.1) Title

Civil Engineering Design Consultants

Lot No

1

II.2.2) Additional CPV code(s)

- 65100000 - Water distribution and related services
- 45000000 - Construction work
- 45240000 - Construction work for water projects

- 45200000 - Works for complete or part construction and civil engineering work
- 45232430 - Water-treatment work
- 45232431 - Wastewater pumping station
- 45252127 - Wastewater treatment plant construction work
- 45252140 - Sludge-dewatering plant construction work
- 45252120 - Water-treatment plant construction work
- 45232422 - Sludge-treatment works
- 45252126 - Drinking-water treatment plant construction work
- 45231110 - Pipelaying construction work
- 45231111 - Pipeline lifting and relaying
- 45231113 - Pipeline relaying works
- 45231300 - Construction work for water and sewage pipelines
- 45232000 - Ancillary works for pipelines and cables
- 45232100 - Ancillary works for water pipelines
- 45232130 - Storm-water piping construction work
- 45232150 - Works related to water-distribution pipelines
- 45232151 - Water-main refurbishment construction work
- 45232400 - Sewer construction work
- 45232410 - Sewerage work
- 45232424 - Sewage outfall construction work
- 45232440 - Construction work for sewage pipes
- 45220000 - Engineering works and construction works

II.2.4) Description of the procurement

Further information on the MPPF can be found at <https://www.niwater.com/new-procurements/>. This information was previously shared within the Market Engagement sessions held by NI Water in September 2020 following the advertisement of the event on eTendersNI.

II.2) Description
