## **Description**

MHCLG seeks to commission a specialist lived experience organisation to support the central team, local authorities, and other partners to embed meaningful lived experience involvement in the next iteration of the Multiple Disadvantage (MD) Programme. This will include:

MHCLG's aim is to improve public service delivery for people experiencing multiple disadvantage by ensuring that individuals with lived experience have a central and sustained role in shaping strategy, practice, co-production, local workforce development, and system change.

To ensure that the Social Value aspects of the evaluation criteria for this procurement are fair and proportionate, MHCLG invites Potential Suppliers to consider the following, and share feedback on their practicality and impact:

**Mission:** Take back our Streets - by halving serious violent crime and raising confidence in the police and criminal justice system to its highest.

**Outcome:** 5. Support the reduction in crime through community cohesion, awareness raising and action.

**Model Award Criteria:** 5a. Influence staff, suppliers, customers and communities through the delivery of the contract to support the reduction in domestic abuse.

**Mission:** Build an NHS fit for the future that is there when people need it; with fewer lives lost to the biggest killers; in a fairer Britain, where everyone lives well for longer.

**Outcome:** 8. Increasing productivity through physical and mental wellbeing: in the supply chain and communities in the relevant area.

**Model Award Criteria:** 8a. Support health and wellbeing in the contract workforce, including physical and mental health.

Potential Suppliers are advised to consult the Cabinet Office Social Value Policy Note (PPN 002): Taking account of social value in the award of contracts.
