VII.1.7) Name and address of the contractor/concessionaire

Netcompany UK Limited

London

Country

United Kingdom

NUTS code

- UK - United Kingdom

The contractor/concessionaire is an SME

No

VII.2) Information about modifications

VII.2.1) Description of the modifications

Nature and extent of the modifications (with indication of possible earlier changes to the

contract):

12 month contract extension

VII.2.2) Reasons for modification

Need for modification brought about by circumstances which a diligent contracting authority/entity could not foresee.

Description of the circumstances which rendered the modification necessary and explanation of the unforeseen nature of these circumstances:

Regulations 72(1)(c) and/or (b). A contract extension is needed to ensure service continuity, as there was no time to complete a new procurement procedure before expiry on 9.1.2025 in circumstances where an earlier procedure had to be abandoned once the extent and impact of policy changes announced by the incoming Government became clear.

Far more significant technical and other changes in the scope and nature of any future services are required than could have been foreseen by any diligent authority at contract award in January 2022, taking up to one year to introduce. An interim procedure was considered insufficiently commercially attractive for new suppliers and disproportionately costly to run.

Under these circumstances, any new procurement procedure must be delayed pending full development of the future service model and procurement approach, so necessitating a one-year contract extension.

The price increase (c.£3.4m) is below 50% of the original contract value (c.£6.8m).

VII.2.3) Increase in price

Updated total contract value before the modifications (taking into account possible earlier contract modifications, price adaptations and average inflation)

Value excluding VAT: £10,169,200

Total contract value after the modifications

Value excluding VAT: £13,558,933.30
