The eight Constituent Authorities have an existing contract with Link Fund Solutions Limited to provide regulated third party operator services for WPP. The current contract is due to end in December 2024.

The contracting authority (Carmarthenshire County Council), on behalf of the WPP, shall be conducting a procurement process to appoint a regulated third party operator for WPP’s ACS sub fund requirements following expiry of that existing contract. It is anticipated that if a new provider is appointed, the contract will commence approximately 6 months prior to the expiry of the existing contract to allow for transition planning. The procurement will be conducted in accordance with the Public Contracts Regulations 2015 (or any replacement regulations that may come into force prior to the commencement of the procurement).

This PIN is to notify interested suppliers of regulated third party operator services that WPP shall be conducting a market engagement as below:

- Date: 9 March 2023

The appointed provider shall be required to engage directly with the existing operator's current delegates (including investment advisors, investment managers and providers of transfer agency and fund accountancy services) and depositary for an interim period to facilitate service continuity.
