The Client has decided to take a non-core approach to Community Benefits , this means that the Community Benefits proposal that a

Bidder returns as part of this tender process will not be evaluated and scored but will form part of the DPS at call off stage

It is important to ensure that Framework delivery achieves Community Benefits over and above the Framework itself and also is clearly

linked to the successful Bidder's expertise and the subject of the DPS. The expectation is that any Non-Core Community Benefits

proposal will be delivered on a cost neutral basis.
