On 2.4.2014 Government introduced its Government Security Classifications (GSC) scheme which replaced Government Protective Marking Scheme (GPMS). A key aspect is the reduction in the number of security classifications used. All bidders were required to make themselves aware of the changes as it may impact this requirement. This link provides information on the GSC at: <https://www.gov.uk/government/publications/government-security-classifications>

Cyber Essentials is a mandatory requirement for Central Government contracts which involve handling personal information or provide certain ICT products/services. Government is taking steps to reduce the levels of cyber security risk in its supply chain through the Cyber Essentials scheme. The scheme defines a set of controls which, when implemented, will provide organisations with basic protection from the most prevalent forms of threat coming from the internet. To participate in this procurement, bidders were required to demonstrate they comply with the technical requirements prescribed by Cyber Essentials, for services under and in connection with this procurement.

Some purchases under this framework Agreement may have requirements that can be met under this

Framework Agreement but the purchase of which may be exempt from the Procurement Regulations (as

defined in Attachment 1 – About the framework within the invitation to tender

documentation). In such

cases, Call-offs from this Framework will be unregulated purchases for the purposes of the Procurement

Regulations, and the buyers may, at their discretion, modify the terms of the Framework and any Call-off

Contracts to reflect that buyer's specific needs.
