II.2.4) Description of the procurement

River Clyde Homes is seeking to appoint a highly competent and experienced contractor to undertake the reinstatement and refurbishment of void properties within Inverclyde.

Throughout the lifecycle of the contract, the successful company may be required to

turn around Void properties at a rate of circa 35 per month. The voids will be a mixture of standard and major voids. Only bidders who have the relevant resources and experience to complete this level of work should submit a bid.

The basis of payment for the Void works will be a % adjustment against the NHF Schedule of Rates Version 8 (attached as Appendix E). The works will be scoped up by RCH staff and issued to the contractor. Any on-site variations that arise following the initial scoping exercise require to be evidenced and agreed with RCH prior to any works being undertaken

Standard Voids will be required to be returned within 10 working days, with Major Voids being returned within 30 working days.

Major voids may include a new kitchen, a new bathroom, décor, extensive plaster works, plus external works (e.g. patch render, path works, gutters, fences). A kitchen specification is provided at Appendix F.

Payment for the works will be made on an incremental completion basis per each individual property (50% complete and then 100% complete). RCH will agree with the successful bidder what completion stage each property has achieved and only then will invoices be submitted and payment released. This will be further discussed and agreed with the successful company at a pre-start meeting.

Interested parties must first evidence to River Clyde Homes via the SPD that they have the requisite technical capacity, and experience to undertake works of this nature before they will be taken forward to the full tender evaluation.

The Contracting Authority does not intend to include a sub-contract clause as part of community benefits (as per Section 25 of the Procurement Reform (Scotland) Act 2014) in this contract for the following reason:

All sub-contractors require to be in place for the contract start date.

Community benefits are included in this requirement. For more information see:

<https://www.gov.scot/policies/public-sector-procurement/community-benefits-in-procurement/>

A summary of the expected community benefits has been provided as follows:

As part of this procurement process, River Clyde Homes are hoping to secure funding (either in full or in part) from the successful bidder to appoint a Housing & Communities Connector Officer.

This person will support tenants and households at risk of homelessness, taking a holistic and asset-based community development approach to enable tenancy sustainment.

Also, bidders require to set out what other specific, tangible, community benefits they will bring to the Inverclyde area in the event of a successful bid. These benefits may address (but are not limited to), targeted recruitment & training; equal opportunities; supply-chain initiatives; environmental initiatives (recycling), community consultation; contributions to education; the promotion of social enterprises; and resources for community initiatives. These benefits must be specific to this contract and not part of a wider Corporate Social Responsibility (CSR) programme.

10% of the total tender score will be allocated to this award criterion.
