## **Scope**

## **Reference**

W216075

## **Description**

The Amino Acid Analyser is a key piece of equipment in the department and is essential for the provision of the laboratory Inborn Errors of Metabolism service. It is imperative that the company that provide the service contract have an interactive and timely response to all queries and this company have been able to provide this, allowing the continuation of the laboratory service.

Biochrom Limited is the original equipment manufacturer (OEM) and is the only source that can provide the maintenance to the equipment.
