II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

II.2.4) Description of the procurement

Direct Award

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

1) The Covid-19 outbreak is a Public Health Emergency of International Concern as declared by the World Health Organisation on 30 January 2020. The WHO Director General characterised Covid-19 as a pandemic on 11 March 2020.2) A key element of ensuring an effective response to the pandemic is ensuring the ability to quickly set up and operate Covid-19 testing sites at various locations across the UK.3) DHSC is satisfied the tests permitting use of the negotiated procedure without prior publication (Regulation 32(2)(c)) are met: A. As far as is strictly necessary: to support the rapid set-up and

operation of Covid-19 testing sites at various locations across the UK and the need for a rapid, scalable and deliverable service with maximum geographical coverage across the whole UK.B. There are genuine reasons for extreme urgency: It is responding to Covid-19 immediately because of public health risks presenting a genuine emergency.C. The events that have led to the need for extreme urgency were unforeseeable: the Commission itself confirmed: 'The current coronavirus crisis presents an extreme and unforeseeable urgency – precisely for such a situation our European rules enable public buyers to buy within a matter of days, even hours, if necessary.' (Commissioner Breton, Internal Market, 1 April 2020).D. It is impossible to comply with the usual timescales in the PCR: It is not possible to comply with the timescales of another procedure due to the urgent requirement to ensure rapid set-up and operation of Covid-19 testing sites on the scale required to be capable of delivery at locations across the whole of the UK.E. The situation is not attributable to the contracting authority – DHSC has not done anything to cause or contribute to the need for extreme urgency.F. Further it would be seriously counter-productive to the national effort to have carried out a procurement in respect of some or all of the workstreams being undertaken by the existing provider and/or that any attempt to potentially transition between providers in the context of ensuring that the relevant work progresses with appropriate rapidity could have led to material avoidable delay or risk of disruption. On that basis, DHSC believe the contract award to be permitted pursuant to Regulation 32(2)(b) as in practice the existing provider will be the only one capable of continuing with the work on the basis required.

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract
