## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Contract for LED Conversion; Management and Maintenance of Sprowston Town Council Streetlights

#### **II.1.2) Main CPV code**

- 50232100 - Street-lighting maintenance services

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

Sprowston Town Council currently has a mixture of street lighting types. We own approximately 700 non-LED streetlights which require conversion to LED lighting. In addition, the Council owns approximately 140 existing LED lights of varying ages and specification.

The Council is also looking for concurrent implementation of a Central Management System (to be managed by the successful bidder) that will allow real time or near-real time fault self-reporting across our entire lighting stock. The Central Management System must also support bespoke, programmable, part-night lighting and/or dimming profiles on a column-by-column or street-by-street basis.

We require all of the above to be managed and maintained by the successful bidder, for the duration of the contract.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

#### **II.1.7) Total value of the procurement (excluding VAT)**

Value excluding VAT: £160,766

## **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UKH - East of England

Main site or place of performance

Sprowston, Norwich, England.

#### **II.2.4) Description of the procurement**

Sprowston Town Council currently has a mixture of street lighting types. We own approximately 700 non-LED streetlights which require conversion to LED lighting. In addition, the Council owns approximately 140 existing LED lights of varying ages and specification.

The Council is also looking for concurrent implementation of a Central Management System (to be managed by the successful bidder) that will allow real time or near-real time fault self-reporting across our entire lighting stock. The Central Management System must also support bespoke, programmable, part-night lighting and/or dimming profiles on a column-by-column or street-by-street basis.

We require all of the above to be managed and maintained by the successful bidder, for the duration of the contract.
