Ministry or any other national or federal authority

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

DHSC Laboratory Testing Services

II.1.2) Main CPV code

- 85145000 - Services provided by medical laboratories

II.1.3) Type of contract

Services

II.1.4) Short description

The Service will provide diagnostic (RT-PCR) testing for COVID-19 to the population as part of the urgent intervention in connection with the Covid-19 pandemic.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £12,500,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

II.2.4) Description of the procurement

The Service will provide diagnostic (RT-PCR) testing for COVID-19 to the population as part of the urgent intervention in connection with the Covid-19 pandemic.

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

Negotiated procedure without prior publication¹. The COVID-19 outbreak is a Public Health Emergency of International Concern as declared by the World Health Organisation on 30 January 2020. The WHO Director General characterised COVID-19 as a pandemic on 11 March 2020.² A key element of ensuring an effective response to the pandemic is ensuring that there is adequate testing. Subsequently securing sufficient lab capacity in order to process test results is crucial.³ DHSC is satisfied the tests permitting use of the Negotiated procedure without prior publication (Regulation 32(2)(c)) are met:
 A. As far as is strictly necessary: Increased lab capacity to increase the amount and fast turnaround of tests processed was identified as strictly necessary to meet the demand to scale up the testing programme in the UK.
 B. There are genuine reasons for extreme urgency: It is responding to COVID-19 immediately because of public health risks presenting a genuine emergency.
 C. The events that have led to the need for extreme urgency were unforeseeable: The Commission itself confirmed: “The current coronavirus crisis presents an extreme and unforeseeable urgency – precisely for such a situation our European rules enable public buyers to buy within a matter of days, even hours, if necessary.” (Commissioner Breton, Internal Market, 01.04.2020).
 D. It is impossible to comply with the usual timescales in the PCR: It is not possible to comply with the timescales of another procedure due to the urgent requirement to ensure the amount of tests processed increases with the necessary demand.
 E. The situation is not attributable to the contracting authority – DHSC has not done anything to cause or contribute to the need for extreme urgency

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

8 January 2021

V.2.2) Information about tenders

Number of tenders received: 1

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

King's College London

Strand,

London

WC2R 2LS

Country

United Kingdom

NUTS code

- UK - UNITED KINGDOM

National registration number

RC000297

The contractor is an SME

No

V.2.4) Information on value of contract/lot (excluding VAT)

Initial estimated total value of the contract/lot: £12,500,000

Total value of the contract/lot: £12,500,000
