Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

WCC - DPS for the provision of Waste Material Services

Reference number

WCC - 20226

II.1.2) Main CPV code

- 90500000 - Refuse and waste related services

II.1.3) Type of contract

Services

II.1.4) Short description

The Council has a wide range of waste materials to manage across Warwickshire, as a result of increasing waste segregation, these materials vary in terms of tonnage and value. This segregation has resulted in the creation of several niche or low-volume materials, including automotive batteries, oil, chemicals, paint, gas cylinders, fire extinguishers, printer cartridges, plasterboard, various plastics, glass, non-ferrous metals, textiles, and waste upholstered domestic seating. The Council needs to have contracts in place for these waste materials brought to the HWRCs/Waste Transfer Stations by the public, commercial traders, the waste collection authorities, or suppliers acting on their behalf and charities.

The Council is proposing to manage these types of waste materials through this DPS. Managing these waste materials is key to supporting the safe and compliant handling of waste in Warwickshire.

The estimated value is expected to be circa £3,000,000 over the life of the DPS however, should unexpected circumstances / demand arise, this value could increase to circa £5,000,000.

These figures are estimates provided in good faith.

II.1.5) Estimated total value

Value excluding VAT: £5,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

II.2) Description

II.2.1) Title

Hazardous Waste and/or Waste that could contain items with a high level of persistent organic pollutants 'POPs'

Lot No

1
