Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Framework Agreement for the Servicing, Maintenance & Installation of Fire, Intruder & Emergency Lighting Systems

Reference number

Proc 24-257

II.1.2) Main CPV code

- 50711000 - Repair and maintenance services of electrical building installations

II.1.3) Type of contract

Services

II.1.4) Short description

Wrexham County Borough Council (WCBC) is looking to establish a Framework Agreement for the Servicing, Maintenance & Installation of Fire, Intruder & Emergency Lighting Systems.

The Framework will consist of a single lot with a maximum of three Contractors appointed to the Framework.

The purpose of this framework is to employ capable contractors who can carry out both a servicing regime and a responsive repairs service that can cater fully to what is asked of them in these tender documents.

Further details are available within the tender documents found on [etenderWales](#).

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 31625000 - Burglar and fire alarms
- 31625200 - Fire-alarm systems
- 31625100 - Fire-detection systems
- 45312100 - Fire-alarm system installation work
- 45312200 - Burglar-alarm system installation work
- 45310000 - Electrical installation work
- 45311000 - Electrical wiring and fitting work
- 45317000 - Other electrical installation work
- 50116100 - Electrical-system repair services

II.2.3) Place of performance

NUTS codes

- UKL23 - Flintshire and Wrexham

Main site or place of performance

Any Council owned or operated site across Wrexham County Borough

II.2.4) Description of the procurement

This Framework Agreement is for the statutory servicing of Fire and Security related equipment.

Wrexham County Borough Council (WCBC) has a duty to maintain fire and security equipment located at all sites on their property portfolio in line with regulatory guidelines.

The purpose of this framework is to employ capable contractors who can carry out both a servicing regime and a responsive repairs service that can cater fully to what is asked of them

in these tender documents.

It's anticipated that there will be approximately 160 sites which will require between one and four servicing visits a year depending on the guidelines set out for each property type. WCBC will appoint Contractors to a JCT Framework Agreement 2016 and works will be let under an underlying JCT Measured Term Contract 2016.

The Framework Agreement will be implemented for a period of 2 years with the option to extend for a further 2 years in annual increments.

Contractors are asked to provide costs for a bespoke Schedule of Rates which shall include commonly occurring items that reflect the Employer's local requirements e.g. Fire/Intruder Alarm Specifications.

The works in each property will vary depending on property type and department requirements. The scope of work may consist of:

- Fire Alarm reactive and responsive maintenance
- Intruder Alarm reactive and responsive maintenance
- Fire Extinguisher reactive and responsive maintenance
- Emergency Lighting reactive and responsive maintenance

Large installation works may be required on an ad-hoc basis as and when the need/budget allows.

For electrical works the Tenderer shall be enrolled on either the NICEIC Approved Contractor Scheme or other equally approved scheme.

Full details and documents are available free of charge on Bravo etenderWales
