### **VI.1) Information about recurrence**

This is a recurrent procurement: No

### **VI.2) Information about electronic workflows**

Electronic invoicing will be accepted

Electronic payment will be used

### **VI.3) Additional information**

The contracting authority considers that this contract may be suitable for economic operators that are small or medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for the procurement. We are one of the UK's leading housing associations with over 40 years' experience developing award winning

homes. A member of the G15 group of London's largest housing associations, we own and manage over 20

000 homes across London, Hertfordshire and the South East. We love to build homes and we take great pride

in the quality of the homes we deliver. We develop homes for a variety of affordable tenures including social,

affordable and intermediate rents, shared ownership and rent to buy products. We also develop homes for

market sale and for market rent. We also manage and develop a ranges of tenures for older people.

We have a strong track record of development and regeneration, with an ambitious growth strategy of 5 000

new homes over the next 5 years and secure development pipeline of approximately 2 500 homes. We have

strong relationships with Homes England, the GLA, and local authorities across our operational area.

Network Homes' Growth Strategy sets out our ambition to deliver 1 000 units a year within London and

Hertfordshire which will be delivered through three procurement routes: land, S106 opportunities and package

deals and this framework will help us deliver this.

We have and maintain an impressive pipeline of development opportunities, with schemes of varying scales,

ranging from garage site redevelopments, neighbourhood-transforming regeneration schemes, land-led

residential developments of 100 units+, up to significant mixed use opportunities. Where the opportunity is

right, we look at the potential for joint ventures.

We usually have between fifteen and twenty development sites between the stages of offer accepted and

exchange and expect this rate to remain constant over the framework period.

We currently have 18 projects on site, with more due to commence in the coming months. The majority of these

projects are land led, with the remainder being made up of S106 development agreements and package deals.

Under the framework agreement network homes will have the option to call-off contracts as and when services

are required.

The services required are set out in the schedule of services in the tender documents pack.

We will appoint 6 or 7 consultancies. Criteria are set out in the documents.

Other social housing providers in the UK (both those that are in existence now and those that may come into

existence during the term of the framework agreement) may also be entitled to call-off contracts under the

framework agreement. 'Social Housing Provider' for this purpose means any provider of social housing and

includes registered providers (as listed on the Gov.UK Website:

<https://www.gov.uk/government/publications/>

current-registered-providers-of-social-housing), and may include local authorities and ALMO's. Applicants

should note that, under the framework agreement, no organisation that is entitled to call-off shall be under any

obligation to do so neither does any social housing provider have the automatic right to do so without direct

permission from Network Homes Ltd.

Where other 'Social Housing Providers' have instructed call-off contracts under this framework agreement, the

value of the Framework stipulated in II.2.6) may increase over its 4 year duration.

The contracting authority considers that this contract may be suitable for economic operators that are small or

medium enterprises (SMEs). However, any selection of tenderers will be based solely on the criteria set out for

the procurement.
