NHS Surrey Heartlands

Non-Emergency Patient Transport Service (NEPTS)

Individual provider market engagement sessions

In December 2022, Surrey Heartlands Integrated Care Board (ICB) delivered an initial pre-market engagement event whereby interested parties were invited to learn more about our plans for the future of Non-Emergency Patient Transport (NEPTS) and share relevant feedback and information to support next steps.

We are now pleased to be in a position to invite further engagement, and would welcome attendance at individual provider level sessions by interested parties with experience and expertise in the delivery of; transport, logistics, technology solutions (such as dynamic route planning, booking and customer SMS text notifications), call centre operations, customer services and other provisions relevant to the delivery of NEPTS, to provide feedback on our draft NEPTS service specification and anticipated financial model.

This is an opportunity to engage in an exciting piece of work that seeks to deliver innovative solutions and collaborative ways of working to respond to client and service user needs, creating a sustainable solution for the future.

Click on the links below to take up this opportunity and book an individual provider level meeting, in person, with members of the Surrey Heartlands NEPTS procurement team. If you are unable to book a slot this is because it has already been taken. Please try an alternative time. Should you find that all sessions have been booked please email syheartlandsicb.ptstransformation@nhs.net. We will endeavour to arrange an alternative time for you, but this will be a virtual MS Teams meeting.

Following registration, early in the week commencing 13th February, you will be sent the draft service specification and some questions for consideration.

Thank you in advance for your efforts in reviewing the document and your willingness to discuss it with us.

20th February 2023

at Surrey Heartlands ICB, 1st Floor, Dukes Court, Duke St, Woking GU21 5BH
