Scope

Description

The Mersey View Learning Trust are seeking to procure a number of providers for a multi-supplier framework for catering services. The main objective of this procurement exercise is to deliver the procurement of a framework that will enable the Trust to source catering services for its schools.

There are initially 6 schools in this framework, however, other schools may call off later.

It should be noted that it is not mandatory for schools to use this framework. Schools will only call off from this agreement if they have a requirement to do so. It is envisaged the number of contractors on the framework will be between 1 and 3

The provision of the service must demonstrate the best value approach and be flexible in its delivery and operation to ensure that the needs and ethos of individual schools are supported.

This framework process is targeted to have a catering contract in place to commence in August 2026 for the initial direct award schools. Please note that this process covers all catering services within the Trust schools with full tender costings and proposals for the

schools for a contract start in in August 2026 for the initial direct award schools. These details will be further explained in the ITT documents. The process will be through a competitive flexible procedure commencing with a participation stage to create a select bidder list following analysis of a PSQ document (within which the scoring criteria will be included). The nature of the contract demands a good local infrastructure to provide and maintain the level and standard of catering services and support required by the Trust. Labour resource/relief cover is very important. We have set a minimum Employer's (compulsory) liability insurance of 10,000,000 GBP). Following the analysis of PSQ's the selected bidders will be invited to attend site surveys and tender briefing initially planned for early March 2026. Tender response deadline is planned as late March 2026 and it is envisaged that interviews will take place in late April 2026. The contract will be for a 3 +1 +1 period (5 years in total including the option to extend for 1 + 1years after the initial 3 year term).

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

The competitive flexible procedure will commence with a participation stage whereby a PSQ will be completed by interested suppliers. This will be scored and successful suppliers will be invited to submit a full tender. The tender submissions will be analysed and scored and selected suppliers will be invited to final interview/presentation stage. The contracting Authority will then select the successful framework supplier/s and award the contract.

Justification for not publishing a preliminary market engagement notice

Time constraints of the procurement process and to ensure a level playing field so no supplier has an unfair advantage or to distort competition.
