CM2347 Dynamic Maintenance - Condition Based Monitoring

II.1.2) Main CPV code

- 38430000 - Detection and analysis apparatus

II.1.3) Type of contract

Supplies

II.1.4) Short description

Yorkshire Water Services Limited ("YWS") is the 9th largest Water Utility in the world with a turnover of more than £950 million. YWS is one of the region's largest companies directly employing 3000 employees as well as indirectly employing many more through its contractors and support organisations. YWS provides water and wastewater services to 5.2 million customers and receives up to 2 million calls from customers each year. YWS is regulated by the Office of Water Services (OFWAT); the Drinking Water Inspectorate (DWI); the Environment Agency (EA); Department for Environment, Food and Rural Affairs (DEFRA) and the Health & Safety Executive (HSE).

This notice is seeking requests for tender participation for the establishment of a Framework Agreement for Goods and associated services related to: Electrical Signature Analysis Devices and additional services, Vibration Analysis Devices and additional services and Thermographic Analysis Devices and additional services to be used on assets across the network.

This notice is seeking requests for tender participation for the establishment of Framework Agreements for Condition Based Monitoring including but not limited to ESA Devices, Vibration Analysis Devices and Thermographic Analysis Devices alongside associated services (Including, but not limited to an analytics platform and other associated services) to be installed on assets across the network.

These Framework Agreements will potentially entail a combination of the provision, associated analytics and associated services for Condition Based Monitoring Devices to provide YWS consistent monitoring of their assets across the network.

Any estimated quantities or values contained or referred to in this or other documentation

are for guidance only and do not bind YWS to buy any specific quantities should the Bidder be successful and enter into an Agreement.

II.1.5) Estimated total value

Value excluding VAT: £26,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

Yorkshire Water Services (YWS) reserve the right to amend the lotting structure as appropriate. Final lotting structure is to be stated in the procurement documents. YWS reserves the right to award contracts combining the following lots or groups of lots.

II.2) Description

II.2.1) Title

ESA Devices

Lot No

1

II.2.2) Additional CPV code(s)

- 45259000 - Repair and maintenance of plant
- 71700000 - Monitoring and control services

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

The Yorkshire Region

II.2.4) Description of the procurement

Procurement Process:

To request details of how to participate in the tender, please contact Amir Abdul

(amir.abdul@yorkshirewater.co.uk) through email by 17:00 no later than 30 days after the issuing of this notice.

Procurement Overview:

Successful suppliers will work alongside Yorkshire Water Services (YWS) to provide devices and an analytics platform, amongst other services, relating to Condition Based Monitoring ESA Devices.

Suppliers securing framework agreements will become part of the Dynamic Maintenance framework for Condition Based Monitoring Electrical Signature Analysis (ESA) Devices with suppliers potentially being aligned to, and being approved to deliver, projects as described in this notice. This does not give suppliers any guarantee of work but will enable the supplier to quote for call-off contracts through the framework term.

YWS is seeking the best suppliers in the below capability area:

Condition Based Monitoring ESA Devices. Yorkshire Water Services are looking for supply, analytics platform and additional services in relation to Condition Based Monitoring ESA Devices. These devices will monitor electrical signature of assets in operation to assist YWS in prioritising any related maintenance.

Including but not limited to:

- Electrical signature analysis of deployed assets

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £10,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: Yes

Description of options

The initial contract award will be for 36 months with a possible 24 month extension.

II.2.14) Additional information

Access to the tender documentation is restricted. Further information can be obtained upon request from amir.abdul@yorkshirewater.co.uk.

To request details of how to participate in the tender, please email amir.abdul@yorkshirewater.co.uk.

The tender process will be facilitated in SAP Ariba Sourcing.

II.2) Description

II.2.1) Title

Vibration and Thermographic CBM Solutions

Lot No

2

II.2.2) Additional CPV code(s)

- 38434400 - Vibration analysers
- 45259000 - Repair and maintenance of plant

II.2.3) Place of performance

NUTS codes

- UKE - Yorkshire and the Humber

Main site or place of performance

The Yorkshire Region

II.2.4) Description of the procurement

Procurement Process:

To request details of how to participate in the tender, please contact Amir Abdul

(amir.abdul@yorkshirewater.co.uk) through email by 17:00 no later than 30 days after the issuing of this notice.

Procurement Overview:

Successful suppliers will work alongside Yorkshire Water Services (YWS) to provide devices and an analytics platform, amongst other services, relating to Vibration and Thermographic Condition Based Monitoring Devices.

Successful Supplier/s will be awarded a Framework Agreement for Condition Based Monitoring Vibration and/or Thermographic Devices with suppliers potentially being aligned to, and being approved to deliver, projects in particular capability areas, as described in this notice. This does not give suppliers any guarantee of work but will enable the supplier/s to bid for individual pieces of work over the next 5 years.

YWS has identified capability areas and the services that sit within these areas. YWS is seeking the best suppliers in each capability area.

For the avoidance of doubt, suppliers DO NOT need to deliver services in all capability areas to submit a response to this tender.

Capability Areas:

Condition Based Monitoring Vibration Devices. Yorkshire Water Services are looking for supply, analytics platform and additional services in relation to Condition Based Monitoring Devices. Including but not limited to:

- Vibration monitoring devices
- Thermographic monitoring devices

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £16,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

60

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes

II.2.11) Information about options

Options: Yes

Description of options

The initial contract award will be for 36 months with a possible 24 month extension.

II.2.14) Additional information

Access to the tender documentation is restricted. Further information can be obtained upon request from amir.abdul@yorkshirewater.co.uk.

To request details of how to participate in the tender, please email amir.abdul@yorkshirewater.co.uk.

The tender process will be facilitated in SAP Ariba Sourcing.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.2) Economic and financial standing

Selection criteria as stated in the procurement documents

III.1.3) Technical and professional ability

Selection criteria as stated in the procurement documents

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Negotiated procedure with prior call for competition

IV.1.3) Information about a framework agreement or a dynamic purchasing system

The procurement involves the establishment of a framework agreement

Framework agreement with several operators

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of tenders or requests to participate

Date

20 February 2022

Local time

7:00pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.6) Minimum time frame during which the tenderer must maintain the tender

Duration in months: 12 (from the date stated for receipt of tender)

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: No

VI.3) Additional information

The contracting authority reserves the right to cancel the procurement and not to proceed with the award of any contract at any stage of the procurement process and/or to award only part or parts of any contract. Save for any mandatory periods the timescales in this notice are purely indicative and the contracting authority reserves the right to amend the same.
