2425-0450

## **Description**

Islington Council is seeking to procure a Care and Support service for up to 17 adults with complex and enduring mental health needs. The service will be delivered within supported living accommodation comprising either self-contained studio apartments with shared communal facilities at Beaumont Rise, a new development currently under construction or individual rooms with shared facilities at Hanley Gardens, an existing scheme.

The provider will support residents with daily living tasks such as medication management, budgeting, cleaning, and cooking. The service will deliver trauma-informed, person-centred, and strength-based mental health support. Providers must demonstrate expertise in active risk management and work collaboratively with clinical teams to ensure resident safety and wellbeing.

The successful provider will have a proven track record of delivering high-quality care and support services to individuals with complex mental health needs, including experience in transitions and move-on support. The Council reserves the right to confirm the final location of the service based on site readiness. Should Beaumont Rise not be available at the time of contract commencement, the service will begin at Hanley Gardens, with the provider supporting residents through any future transition to the new accommodation.

### **Competitive flexible procedure description**

This procurement is being conducted under the light-touch regime (Procurement Act 2023, Section 9) using a two-stage process.

- Stage 1 - Procurement Specific Questionnaire (PSQ): Your organisation's suitability to pursue a professional activity; economic and financial standing, and technical and professional ability will be assessed against the conditions of participation. The highest five (5) scoring organisations will be invited to tender. In the event of a tie, all organisations with a tied score within the top five (5) scores will also be invited to tender.

- Stage 2 - Invitation to Tender (ITT): Shortlisted organisations will be invited to submit a tender detailing their approach to delivering the service and pricing. Tenders will be evaluated against the advertised award criteria of 30% cost and 70% quality to identify the most advantageous tender (MAT). The winning provider will be the one with the highest combined score.
