- Delivery within a primary care setting
- Have a co-ordinator and mental health register validation role as part of the model
- Have integrated third sector pathways of support which will (as a minimum):
- Support patients to book and attend PHC appointments
- Support with community-based follow-up (for example, attend weight management sessions, screening appointments etc.)
- Support with access to community wellbeing and support services
- Delivering and demonstrating / recording all aspects of the core and enhanced physical health indicator set as follows:

To deliver a successful service it is imperative that an assertive outreach approach is adopted, particularly when considering the current health inequalities faced by this population group and that they are less likely to engage with services as a result.
