Overview

The London Borough of Bexley are looking to invite prospective providers to a market engagement event for the community sexual health service.

This will be an informal event where you can meet like-minded colleagues but primarily it will be used to help us gather information from yourselves in developing a modern and appropriate specification for residents of the borough. Our current thoughts around the specification are shown below.

Summary of requirements

- This event is for information gathering and intended to assist the Council in understanding the level and range of service provider interest in delivering this service.

 - o Distribution of condoms
 - o Youth outreach and engagement
 - o Limited access to chlamydia screening and testing for vulnerable groups
 - o Website and communications
 - o Training multidisciplinary staff
- The provider will be expected to work with existing partners across Bexley and neighbouring boroughs.
- The successful provider must be innovative, flexible, responsive, forward thinking, adaptable, and a leader in the field.
