Main address

www.cityoflondon.gov.uk

I.4) Type of the contracting authority

Regional or local authority

I.5) Main activity

General public services

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Power Purchase Agreement for Off-site Renewable Electricity

Reference number

18/299/FS

II.1.2) Main CPV code

- 09310000 - Electricity

II.1.3) Type of contract

Supplies

II.1.4) Short description

The City of London Corporation (The City) has entered into an offsite power purchase agreement (PPA) with a renewable energy project owner and operator (The Developer), from which the City purchases all of the power generated at an agreed fixed price for the duration of the contract, indexed annually to CPI, along with renewable energy benefits.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £40,000,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

II.2.4) Description of the procurement

The City of London Corporation (The City) has entered into an offsite power purchase

agreement (PPA) with a renewable energy project owner and operator (The Developer), from which the City purchases all of the power generated at an agreed fixed price for the duration of the contract, indexed annually to CPI, along with renewable energy benefits.

The project is expected to deliver through the PPA approximately 54GWh per annum. The project is to become fully operational by February 1st 2022.

The contract structure is a 'pay-as-produced' sleeved ('physical') PPA with an availability guarantee provided by the Developer, for the supply of solar power. It is "sleeved" through the existing utility supplier who provide a shaping and balancing service separately.

The City has acquired the exclusive right to the power and the associated environmental attributes (including Renewable Energy Guarantees of Origin ('REGOs')) under the PPA, which is included in the price offered by the Developer. The Sleeving Supplier will facilitate (or 'sleeve') the supply of such power and associated environmental attributes from the renewable energy project to the City pursuant to the terms of the sleeving PPA entered into between the City and the Sleeving Supplier. The term of the PPA is 15 years.

The contract was awarded at 54.6GWh towards the top of the proposed 35-55GWh procurement range and is valued at £40m over the term

II.2.5) Award criteria

Quality criterion - Name: Technical / Weighting: 30

Quality criterion - Name: Commercial / Weighting: 70

Cost criterion - Name: Net Present Value / Weighting: 70

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description
