Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Security Systems Maintenance and Associated Services

Reference number

EC0961

II.1.2) Main CPV code

- 50610000 - Repair and maintenance services of security equipment

II.1.3) Type of contract

Services

II.1.4) Short description

This procurement was conducted via the Public Contracts Scotland - Tender portal (PCS-T) and closed 1st December 2021.

This contract is to provide Service & Maintenance, Breakdowns and Emergency Call-outs for the Security Systems & Associated Services Contract to the University of Edinburgh (UoE). This may include major/minor replacements and ad-hoc services for all existing and proposed new security systems including all relevant associated services.

This contract is awarded on behalf of the UoE and all UoE Subsidiary Companies. Any and all of the UoE Subsidiary Companies may access and utilise this Contract at any time during the relevant Contract period.

The University of Edinburgh Standard Terms and Conditions relating to the Purchase of Goods and Services shall apply.

.

The UoE at present, have significant security assets, some of which are known and others which have yet to be identified. The contractor shall develop and maintain an accurate asset list; including the omission of redundant services/equipment and addition of newly installed equipment under both development and operational projects. The contractor shall be

responsible for surveying all buildings across the UoE Estate to ascertain existing and unidentified assets

This Contract covers an initial contract period of 3 years with the option to extend for a period of two 1 year periods in total.

Description of options: Any remedial repairs, system modifications or major/minor upgrades/replacements shall be the subject of separate itemised quotations when requested by the University Estates Department as the need arises inclusive of all plant, tools and access equipment and at the rates submitted as part of the tender. The University Estates Department reserves the right to seek quotes from alternative suppliers, if it is felt a more competitive quote should be sought. In all instances, there is no contractual obligation on the part of the University of Edinburgh to provide the Contractor with a purchase order for any System Modifications or Major/Minor Upgrades/Replacements quoted for, if it is

deemed not to provide best value for money by the University of Edinburgh.

II.1.6) Information about lots

This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £960,000

- 35125300 - Security cameras

II.2.3) Place of performance

NUTS codes

- UKM75 - Edinburgh, City of

Main site or place of performance

Edinburgh

II.2.4) Description of the procurement

This procurement was conducted via the Public Contracts Scotland - Tender portal (PCS-T) using a one stage Open procedure. The tender closed 1st December 2021 and the following evaluation process was adhered to:-

Bidders must self-certify their adherence to the conditions of participation via the SPD (Scotland) in PCS-T. Bidders must refer to the specific requirements listed in the Section III in this Contract Notice when completing the SPD in PCS-T. Bidders should note that these are mandatory pass/fail requirements and that failure to provide adequate evidence on request of how these requirements shall be met will result in automatic exclusion from the Tendering process.

Each Bidder passing the Minimum Standards will then be subject to a technical and commercial evaluation.

Bidders will be required to confirm they can meet the required maximum response times on site. Failure to confirm and demonstrate this in their responses to the technical questions will result in the Bidder being automatically excluded.

Economic operators may be excluded from this competition if there are in any of the situations referred to in regulation 58 of the Public Contracts (Scotland) Regulations 2015.

UoE reserve the right to apply their own judgement based on experience from similar contracts to determine if response is feasible. If bidders knowingly cannot fulfil this, they should discontinue this application.

A technical threshold will apply - bids will be required to achieve a minimum score of 30 percent or more of the overall technical score of 60 percent in order to progress to the commercial stage of evaluation.

Commercial scores shall be allocated on a comparative basis with the lowest overall price receiving full marks and others a percentage of that mark according to the difference between their bid and the lowest offer. Where we consider any of the total price(s) you have submitted to be abnormally low we will ask you to explain the price(s) you have submitted (as required in regulation 69 of the Public Contracts Regulations 2015).

The quality and commercial score will be combined to give each bidder, who has passed the technical threshold, an overall total score.

The supplier with the highest total score will be deemed to have provided the most economical advantageous tender (MEAT).

II.2.5) Award criteria

Quality criterion - Name: Quality / Weighting: 60

Price - Weighting: 40

II.2.11) Information about options

Options: Yes

Description of options

Any remedial repairs, system modifications or major/minor upgrades/replacements shall be the subject of separate itemised quotations when requested by the University Estates Department as the need arises inclusive of all plant, tools and access equipment and at the rates submitted as part of the tender. The University Estates Department reserves the right to seek quotes from alternative suppliers, if it is felt a more competitive quote should be sought. In all instances, there is no contractual obligation on the part of the University of Edinburgh to provide the Contractor with a purchase order for any System Modifications or Major/Minor Upgrades/Replacements quoted for, if it is deemed not to provide best value for money by the University of Edinburgh.
