Award

Syringes, Needles and Associated Products

SUPPLY CHAIN COORDINATION LIMITED

UK6: Contract award notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-002060

Procurement identifier (OCID): ocds-h6vhtk-0508f0 ([view related notices](#))

Published 9 January 2026, 5:22pm

Scope

Reference

Project_1570

Description

This framework is for Syringes, Needles and Associated Products under which NHS Supply Chain is entitled to purchase supplies and/or services which it will make available for purchase by 1) any NHS Trust; 2) any other NHS entity; 3) any government department, agency or other statutory body and/or 4) any private sector entity active in the UK healthcare sector. Only NHS Supply Chain can order from the Framework Agreement and enter into contracts under it.

The Framework is sub-divided into Lots:

Lot 1 - Syringes, Needles and associated Products

Lot 2 - Biopsy Needles and associated products

It is anticipated that initial expenditure will be in the region of £70,000,000 to £75,000,000

in the first year of this Framework Agreement, however this is approximate only and the values may vary depending on the requirements of those bodies purchasing under the Framework Agreement. Estimated value over the 3 year Framework Agreement will be in the region of £250,000,000. There will be an option to extend the Framework for a further year. If the extension period will be utilised, then the total value of the Framework across the 4 year would be £340,000,000.

Commercial tool

Establishes a framework

Lot 1. Syringes, Needles and Associated Products

Description

Syringes, Needles and Associated Products including hypodermic needles, insulin penneedles, hypodermic syringes, tuberculin syringes, insulin syringes, prefilled 0.9% saline syringes, catheter tip syringes, combined needle and syringe products, spinal needles and kits (including NRFit), epidural needles and kits (including NRFit), nerve block/nerve stimulation needles (including NRFit), speciality needles, intraosseous needles and devices, blunt fill drawing up devices, oral drug syringes and syringe caps - all with or without safety devices where appropriate, bifurcated needles

Lot 2. Biopsy Needles and associated products

Description

Biopsy Needles and Associated Products including core biopsy needles including

automatic, semi-automatic and manual, fine needle aspiration needles, bone marrow needles, coaxial introducer needles, bone biopsy needles and transperineal access devices to allow the user to perform transperineal prostate biopsies under local anaesthetic.
