II.1.4) Short description

Somerset Council is seeking to establish a Framework Agreement with a Single appointed Supplier deliver highway improvement schemes and other work including, but not limited to, the following:

- Safety Improvements / Traffic Calming
- Active Travel
- Public Transport Infrastructure / Mobility Hubs
- Junction Improvements
- Electric Vehicle Infrastructure
- Third Party default works

These schemes will typically involve works of the following nature:

- Signage
- Roadmarkings

- Carriageway treatment
- Surfacing
- Carriageway construction/ widening
- Footway and cycleway construction/ widening
- Kerbing (including high access and high containment)
- Highway drainage
- Street lighting
- Electrical connections
- Earthworks
- Landscaping
- Early Contractor Involvement / advice

And additionally a range of other works that may be required including, but not limited to:

- Traffic signals
- Highway structures
- Vehicle restraint systems (pedestrian and vehicular)
- Utilities diversions
- Specialist equipment, including amongst others, roadside technology and environmental impact mitigation measures.

The form of contract will be a Framework Agreement as set out in Volume 0 of the procurement documents. Individual call-off arrangements titled 'Task Orders' will be issued in a form that incorporates the NEC4 Engineering Construction Short Contract.

NUTS codes

- UKK23 - Somerset

II.2.4) Description of the procurement

The Client's Strategic Objectives are:

- A network that is adapted and resilient to climate change with a reduced carbon output, both in usage and maintenance to contribute to the commitment for Somerset to be carbon neutral by 2030.
- A safe, serviceable, and sustainable network that is fit for purpose for all users under all conditions and supports the development of the local economy.
- A service based on the intelligent client model that develops and sustains collaborative partnerships that deliver the objectives of all partners.
- A flexible and agile service that attracts and retains the best people and embraces best practice and new technologies to enable innovation.
- Sustain a financially resilient service that adopts robust asset management principles and delivers best value with the resources available.
- Optimise service efficiency and maximise income from commercialisation and external funding.
- A service that maximises social value and provides valuable local opportunities for individuals and businesses.
- An informed community that has high public satisfaction and is engaged and enabled to do more for themselves.

Framework Agreement

Estimated Framework Value is between £2m and £5.25m per annum with a total of up to

£21m over the lifetime of the Framework Agreement.

The maximum estimated value of individual projects to be procured through this contract at the Task Order quotation stage is £1,000,000. However, the Client may, following consultation with the Contractor, use this framework for projects with an estimated value exceeding £1,000,000.

This will be a single supplier framework using the form of contract set out in the Framework Agreement in the procurement documents. Individual call-off contracts, titled 'Task Orders', will be issued in a form that incorporates the NEC4 Engineering Construction Short Contract. The Framework Agreement itself is NOT an NEC4 Framework Contract.
