- UK - United Kingdom

II.2.4) Description of the procurement

This opportunity has been listed on behalf of LHC and our regional entities:

>> Consortium Procurement Construction (CPC)

>> LHC London and South East (LSE)

>> Scottish Procurement Alliance (SPA)

>> South-West Procurement Alliance (SWPA)

>> Welsh Procurement Alliance (WPA)

This notice seeks to provide advanced notice of the early market engagement and subsequent procurement activities LHC intend to carry out during 2023 in relation to the establishment of new frameworks.

ASSET SAFETY AND COMPLIANCE FRAMEWORK

The Asset Safety and Compliance Framework (ASC1) will provide clients with a range of asset safety consultancy, testing/inspection, servicing, and maintenance services to ensure the safety of their properties.

There will be a range of individual consultancy, testing, servicing, and maintenance lots that interested parties can apply for.

>> Asbestos Consultancy, Surveys, and Removals

>> Property Protection and Associated Services

>> Water Testing, Treatment and Management

>> Heating, Ventilation and Air Conditioning Compliance, Servicing, and Maintenance

>> Electrical Testing and Associated Services

The tender will be released for bid applications at the end of January 2023 and it is anticipated the new framework will be live in summer 2023.

REFURBISHMENT AND ASSOCIATED RETROFIT WORKS FRAMEWORK

The new framework will be designed to support clients with delivering a range of refurbishment and associated retrofit, and improvement works.

Full scope of this framework will be defined following our market engagement activities however it is anticipated this framework will allow for a range of works to be carried out including:

>> Kitchen and bathroom replacements and associated works

>> Painting and decorating

>> External works

>> Electrical works

>> Multi-disciplinary works

Early market engagement is expected to take place during February and March 2023, with an anticipated tender release late spring / summer 2023

ENERGY EFFICIENCY AND DECARBONISATION FRAMEWORK

This framework will be designed to support clients with delivering a range of energy efficiency and decarbonisation works helping them with their journey to achieving net carbon zero and improving the EPC ratings of their stock.

The full scope of this framework will be defined following our market engagement activities however we anticipate the framework will contain a range of individual specialist energy efficiency measures and works (such as solar PV, heat pumps, EWI etc) and also main contractors able to deliver programmes of works containing multiple energy efficiency works.

Early market engagement is expected to take place during summer 2023, with an anticipated tender release autumn 2023.

FIRE SAFETY FRAMEWORK

This framework will be designed to support clients with delivering a range of fire safety related consultancy, installation, replacement, and servicing requirements. The full scope of this framework will be defined following engagement with clients and interested parties as part of LHC's market engagement activities, however LHC at this stage anticipate the framework may include:

- >> Fire Safety Consultancy
- >> Fire Risk Assessments and Fire Safety Inspections
- >> Passive Fire Protection Installation, Servicing and Maintenance
- >> Fire Alarm Installation Testing, Servicing and Maintenance
- >> Fire Suppression System Installation, Servicing and Maintenance
- >> Waking Watch Services
- >> Cladding Remedial / Replacement

Early market engagement is expected to take place during spring 2023, with an anticipated tender release summer 2023.

SUPPLY AND INSTALLATION OF ALUMINIUM WINDOWS AND DOORS FRAMEWORK

This framework will be designed to support clients with the design, supply and installation of aluminium windows, doors, and curtain walling for all types of public sector refurbishment and new build projects.

Early market engagement is expected to take place during summer / autumn 2023, with an anticipated tender release winter 2023.
