Scope

Reference

2025-TR-0029

Description

SLC is looking to establish a framework of suppliers with pre agreed prices, terms and conditions to assist in the delivery of service requirement for the Estates team. The Estates team is responsible for the maintenance and repair of the existing property portfolio as well the services associated with the decommissioning/ new build commercial properties. The range of services include:

- Architectural and Design Services
- Mechanical and Electrical Consulting Services
- Construction Project Management Services
- Quantity Surveyor Services

The framework objective is to have suppliers with a specific skill set and experience that SLC can call upon as and when required.

Suppliers should be aware that a value of £2,050,000 excluding VAT, is the threshold for the framework.

The questionnaire for each of the Lots are within individual tenderboxes, please complete the questionnaire for all Lots that you are applying for. Please see below the for link/access code for each tenderbox;

Procedure

Procedure type

Competitive flexible procedure

Competitive flexible procedure description

To participate in the event interested Suppliers are to complete the Procurement Specific Questionnaire (PSQ). Suppliers should be aware that there are separate questionnaires for each Lot and when applying for multiple lots each relating questionnaire must be completed. All PSQ responses submitted by the closing date will be assessed on the following basis.

- Completeness check and confirmation of Core Supplier information
- Exclusion of excluded and excludable suppliers - SLC will confirm that neither the Supplier or any Connected Person(s), Associated Person(s) or proposed sub-contractors are listed on the Cabinet Office Debarment List. To the extent that any such entities are listed on the Debarment List, SLC will consider whether to exclude the Applicant from participating in the procurement process. In addition, SLC will consider whether any Supplier or Connected Person(s), or Associated Person(s) relied on to meet the Conditions of Participation are an Excluded or Excludable Supplier, providing the Supplier reasonable opportunity to make representations and provide evidence as is proportionate to the circumstances. If the Provider is an Excluded or Excludable Supplier only by virtue of an Associated Person, SLC will notify the Supplier of its intention to exclude the Supplier and provide the Supplier with reasonable opportunity to replace the Associated Person. Where SLC determines that an Applicant is an Excluded Supplier on either of the above grounds, no further evaluation will be undertaken.
- Conditions of participation - The suitability of Suppliers will be assessed in accordance with the specified Conditions of Participation contained within Stage 3 of the Questionnaire. This will be marked purely on a pass or fail basis to ensure that the Applicant is able to meet the minimum requirements. Suppliers who do not indicate that

they meet the minimum Conditions of Participation may be excluded from the process at this stage.

Where information or documentation submitted by the supplier is or appears to be incomplete or erroneous, or where specific documents are missing, SLC may request the supplier concerned to submit, supplement, clarify or complete the relevant information or documentation within an appropriate time limit.

- All Suppliers will be advised of the outcome from the PSQ evaluation, with those who pass being invited to complete the Invitation to Tender (Stage 2).
- Evaluation of the response received for the Invitation to Tender stage (Technical and Commercial).
- Completion of the Stage 2 evaluation stage Notify suppliers and invite successful suppliers to Stage 3. Where information or documentation submitted by the supplier is or appears to be incomplete or erroneous, or where specific documents are missing, SLC may request the supplier concerned to submit, supplement, clarify or complete the relevant information or documentation within an appropriate time limit.
- A Preferred Supplier for each Lot (stage 3) will have been identified where further discussions may be entered into to refine the contract terms and conditions.
- Assessment summaries to be issued to all suppliers that submitted an assessed tender.
- Publication of the Contract Award Notice to trigger mandatory standstill period
- Standstill period – minimum 8 working days
- Contracts enter into
- Publication of the Contract Details Notice
