## **IWM/2526/FM/3483: Wet Services & P1 Water Services Repair at IWM Duxford**

Imperial War Museums

UK6: Contract award notice - Procurement Act 2023 - [view information about notice types](#)

Notice identifier: 2026/S 000-002134

Procurement identifier (OCID): ocds-h6vhtk-05cee6 ([view related notices](#))

Published 12 January 2026, 10:05am

### **Scope**

### **Reference**

FM3483

### **Description**

Imperial War Museums (IWM) is tendering for a contractor to undertake works to modernise and stabilise the underground cold water supply system at IWM Duxford by addressing long-standing issues such as leaks, ageing infrastructure, and poor valve accessibility. The key outcomes will include:

- Improved leak detection and control through the installation of new isolation valves and hydrants on both the north and south sites.
- Enhanced system reliability by replacing faulty or outdated valves and hydrants and selectively renewing corroded cast iron pipework where necessary.
- Better monitoring via the installation of sub-meters at critical branches, enabling early detection of future issues.

- Compliance and safety through proper disinfection, asbestos management, and adherence to environmental and health regulations.
- Minimal disruption to everyday operations by scheduling water supply isolations outside normal working hours.

Overall, the works will result in a more efficient, resilient, and maintainable water supply network, reducing water loss and operational risks.
