- UKI - London

II.2.4) Description of the procurement

A Data Management Consultant is required to deliver comprehensive Building Information Management services, achieving the Golden Thread of Information for the development projects for which this is applicable, as well as establishing and deploying a consistent

data management approach for all other projects forming part of the New Homes Development programme over the next two years.

The service to be procured is divided into a number of separate sections depending on project type and work stage (please refer to scope of services document).

The overarching aim is to establish a compliant and consistent Data Management approach for the New Homes Development programme, which is fully compatible with software and tools that are currently in use / available within Islington Council.

The Islington Council New Homes Development (NHD) Technical Design Manager (and Technical Design Officer) will manage this appointment client side, but the Data Management Consultant will also be working closely with the NHD project managers, project design and consultant teams and contractors, and will be asked to occasionally present updates to the NHD senior leadership and to Islington Council internal stakeholders.

II.2.5) Award criteria

Quality criterion - Name: Proposed approach to meeting legal requirements / Weighting: 20

Quality criterion - Name: Proposed approach to combining Data Management with business insights / Weighting: 20

Quality criterion - Name: Proposed approach to utilising systems already in use within Islington Council / Weighting: 10

Quality criterion - Name: Social Value / Weighting: 20

Price - Weighting: 30

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system
