Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Vehicle Maintenance Services on the Isle of Wight

Reference number

DN498485

II.1.2) Main CPV code

- 50110000 - Repair and maintenance services of motor vehicles and associated equipment

II.1.3) Type of contract

Services

II.1.4) Short description

The Isle of Wight Council's (the 'Authority') current vehicle maintenance contracts are due to expire in the summer of 2021, and the Authority is keen to encourage interest from potential suppliers for the new framework opportunity.

The new contract will be set up as a framework agreement giving the option for local eligible organisations to access the framework if they wish.

It is intended that the framework will be divided into various lots and potential suppliers can tender for lots individually or multiple lots. It is intended that the services will include:

- vehicle MOT, servicing and repairs (lot 1);
- bodywork repairs (lot 2);
- mobile services (lot 3), which include:
 - windscreen and bodyglass repair and replacement;
 - tyres;
 - battery replacement;
 - minor bodywork repairs — paint dent repairs;
 - minor bodywork repairs — paintless dent repairs;
 - breakdown recovery and repair service;
 - breakdown recovery only.

It is intended that there will be one supplier for lot 1 and up to 3 suppliers for the other lots.

If you are interested in this opportunity or to find out more information when this opportunity is published, potential suppliers will need to register on the authority's e-tendering system, ProContract, if you are not already registered.

It is free to register and can be done from the following link: <https://procontract.due->

north.com/Register

By registering, this will enable you to not only receive notifications of this opportunity, but for any contract opportunity uploaded by the Council (and other local authorities in the south east region if desired). Once registered, you'll be notified by email when the opportunity is published.

It is intended that this opportunity will be advertised by the end of February 2021.

II.1.5) Estimated total value

Value excluding VAT: £556,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ34 - Isle of Wight

II.2.4) Description of the procurement

The Isle of Wight Council's (the 'Authority') current vehicle maintenance contracts are due to expire in the summer of 2021, and the Authority is keen to encourage interest from potential suppliers for the new framework opportunity.

The new contract will be set up as a framework agreement giving the option for local eligible organisations to access the framework if they wish.

It is intended that the framework will be divided into various lots and potential suppliers can tender for lots individually or multiple lots. It is intended that the services will include:

- vehicle MOT, servicing and repairs (lot 1);

- mobile services (lot 3), which include:
 - windscreen and bodyglass repair and replacement;

- tyres;
- battery replacement;
- minor bodywork repairs — paint dent repairs;
- minor bodywork repairs – paintless dent repairs;
- breakdown recovery and repair service;
- breakdown recovery only.

It is intended that there will be one supplier for lot 1 and up to 3 suppliers for the other lots.

If you are interested in this opportunity or to find out more information when this opportunity is published, potential suppliers will need to register on the authority's e-tendering system, ProContract, if you are not already registered.

It is free to register and can be done from the following link: <https://procontract.due-north.com/Register>

By registering, this will enable you to not only receive notifications of this opportunity, but for any contract opportunity uploaded by the Council (and other local authorities in the south east region if desired). Once registered, you'll be notified by email when the opportunity is published.

It is intended that this opportunity will be advertised by the end of February 2021.

II.3) Estimated date of publication of contract notice

26 February 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section VI. Complementary information

VI.3) Additional information

The contract value given is estimated based on the current contract values, for the whole term and is provided for indicative purposes only at this stage.

Interested suppliers should register on the ProContract portal and this can be done via <https://procontract.due-north.com/register> This process is free and instructions on how to register are on the portal. The portal will be used to conduct the future procurement.
