Production, transport and distribution of gas and heat

---

**Section II: Object**

**II.1) Scope of the procurement**

**II.1.1) Title**

Contract for the provision of Gas Detection Equipment Servicing & Calibration

**II.1.2) Main CPV code**

- 50410000 - Repair and maintenance services of measuring, testing and checking apparatus

**II.1.3) Type of contract**

Services

**II.1.4) Short description**

Gas measurement & detection tools are critically important pieces of equipment that assist NGN operations in detecting and measuring gas. NGN are seeking to award a contract to a single supplier to service / calibrate its existing gas detection units and also purchase circa 100 gas detection units for use on the network. This urgent requirement is due to the winter contingency period where there is more operational activity with regards to gas escapes etc... requiring more resource and equipment to keep customers safe.

NGN are looking to tender out this requirement in 2023 once the winter contingency period has passed.

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UKC - North East (England)
- UKD - North West (England)
- UKE - Yorkshire and the Humber

#### **II.2.4) Description of the procurement**

Gas measurement & detection tools are critically important pieces of equipment that assist NGN operations in detecting and measuring gas. NGN are seeking to award a contract to a single supplier to service / calibrate its existing gas detection units and also purchase circa 100 gas detection units for use on the network. This urgent requirement is due to the winter contingency period where there is more operational activity with regards to gas escapes etc... requiring more resource and equipment to keep customers safe.

NGN are looking to tender out this requirement in 2023 once the winter contingency period has passed.

#### **II.2.11) Information about options**

Options: No

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.1) Type of procedure**

Award of a contract without prior publication of a call for competition in the cases listed below

- The procurement falls outside the scope of application of the regulations

Explanation:

Gas measurement & detection tools are critically important pieces of equipment that assist NGN operations in detecting and measuring gas. NGN are seeking to award a contract to a single supplier to service / calibrate its existing gas detection units and also purchase circa 100 gas detection units for use on the network. This urgent requirement is due to the winter contingency period where there is more operational activity with regards to gas escapes etc... requiring more resource and equipment to keep customers safe.

NGN are looking to tender out this requirement in 2023 once the winter contingency period has passed.
