Section VII. Changes

VII.1) Information to be changed or added

VII.2) Other additional information

Tender Clarification Number 6

Q1 Has any heritage work been carried out as part of the master planning stage, and are there any documents which can be shared from this?

A1 Tender Clarification Number 3 responded to a similar request - link included for ease <https://www.find-tender.service.gov.uk/Notice/001712-2024> We are looking to appoint the Planning / Heritage Consultant from RIBA stage 0 so whilst previous documents may be available we are looking to ensure we move forward with updated new documents

Q2 Is there an opportunity from the same project to quote for the archaeological study/survey for the same workstreams?

A2 The Design Responsibility Matrix identifies that the need for both desktop and survey studies are to be determined as the projects progresses and we are not seeking a quote for these at this time.

Q3 I've seen that there are Arb and Eco requirements - are there any tender opportunities for those disciplines?

A3 We have multiple tender notices out for various discipline - you should register directly with FindaTender and Contract Finder to identify if they are of interest and to also see all notices issue. Please note if you have been advised of opportunities via a third party then not all notice links may have carried forward so directly registering is the only way of ensuring you are aware of all notices and updates.
