This contract is divided into lots: No

II.1.7) Total value of the procurement (excluding VAT)

Value excluding VAT: £7,610,000

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - UNITED KINGDOM

II.2.4) Description of the procurement

Urgent requirement to develop volume for PCR testing for COVID in line with test and trace requirements

II.2.5) Award criteria

Price

II.2.11) Information about options

Options: No

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Award of a contract without prior publication of a call for competition in the cases listed below

- Extreme urgency brought about by events unforeseeable for the contracting authority

Explanation:

Negotiated procedure without prior publication¹. The COVID-19 outbreak is a Public Health Emergency of International Concern as declared by the World Health Organisation on 30 January 2020. The WHO Director General characterised COVID-19 as a pandemic on 11 March 2020.² A key element of ensuring an effective response to the pandemic is ensuring that there is adequate testing. Therefore, the scaling up of laboratory capacity is critical to this response. This contract supports the national testing programme, in particular Pillar 2. 3. DHSC is satisfied the tests permitting use of the Negotiated procedure without prior publication (Regulation 32(2)(c)) are met:^A. As far as is strictly necessary: the provision of laboratory services to provide Covid-19 detection testing to support the UK response to Covid-19 was identified as strictly necessary to meet the demand to scale up the testing programme in the UK.^B There are genuine reasons for extreme urgency: It is responding to COVID-19 immediately because of public health risks presenting a genuine emergency.^C The events that have led to the need for extreme urgency were unforeseeable: The Commission itself confirmed: “The current coronavirus crisis presents an extreme and unforeseeable urgency – precisely for such a situation our European rules enable public buyers to buy within a matter of days, even hours, if necessary.” (Commissioner Breton, Internal Market, 01.04.2020).^D It is impossible to comply with the usual timescales in the PCR: Due to the urgency of the situation there was no time to run an accelerated procurement under the open, restricted or competitive procedures with negotiation as there was an urgent requirement to ensure provision of laboratory services in response to the pandemic. ^E. The situation is not attributable to the contracting authority – DHSC has not done anything to cause or contribute to the need for extreme urgency

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes

Section V. Award of contract

A contract/lot is awarded: Yes

V.2) Award of contract

V.2.1) Date of conclusion of the contract

11 January 2021

V.2.2) Information about tenders

Number of tenders received: 1

The contract has been awarded to a group of economic operators: No

V.2.3) Name and address of the contractor

Source Bioscience Limited

1 Orchard Place, Nottingham Business

Nottingham

NG8 6PX

Country

United Kingdom

NUTS code

- UK - UNITED KINGDOM

National registration number

00079136

The contractor is an SME

Yes

V.2.4) Information on value of contract/lot (excluding VAT)

Initial estimated total value of the contract/lot: £7,610,000

Total value of the contract/lot: £7,610,000

Section VI. Complementary information

VI.4) Procedures for review
