## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

The Supply, Delivery, Installation, Maintenance and Support of a Laboratory Information Management System

Reference number

DN524816

#### **II.1.2) Main CPV code**

- 48814000 - Medical information systems

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Medicines Discovery Catapult (MDC) is a national facility for collaborative R&D exploring and developing new approaches to the discovery and proof of well targeted medicines, diagnostics and biomarkers. Funded by Innovate UK, an agency of the UK government, MDC are an independent not-for-profit company bringing together a fragmented UK sector of industry, academia, charities, technologists, services, finance companies, SMEs and start-ups who together can turn good science into new, high value products. By sharing problems, rare expertise and assets we support the growth of this new community through a time of radical business and national change.

The UK Lighthouse Laboratories were established across the UK in a matter of weeks to dramatically increase the number of coronavirus tests that can take place each day to support the national effort against the coronavirus pandemic.

The new Lighthouse Laboratories have been constructed through a partnership with the Department of Health, Medicines Discovery Catapult, UK Biocentre and the University of Glasgow. Their development is closely supported by both the NHS and Public Health England.

MDC is leading the Lighthouse Lab located in new dedicated labs at Bruntwood SciTech's Alderley Park.

More information on the UK Lighthouse Lab Network is available here:

<https://www.lighthouselabs.org.uk/>

This Invitation to Tender (ITT) has been issued by MDC for The Supply, Delivery, Installation, Maintenance and Support of a Laboratory Information Management System (LIMS) for Pathology services at the Lighthouse Laboratory Services at Alderley Park. The LIMS must be able to process a range of sample types (for details see the Specification at appendix 2) and meet the requirements of ISO15189.

It is envisaged that the Contract and implementation will commence in March 2021, however, this date may be subject to slippage. It is envisaged that the contract will run until 31st December 2021, but due to the uncertainty of the Lighthouse Lab network the Contract may be terminated before this date. MDC have the option to extend this contract for a further three (3), one (1) year periods.

Tender Submissions shall be based on the Suppliers terms and conditions which must be submitted as part of Your tender submission. The Suppliers terms and conditions are subject to the approval and acceptance of MDC. Failure of MDC and the Supplier to agree suitable terms and conditions will result in the Suppliers disqualification from the tender process.

#### **II.1.5) Estimated total value**

Value excluding VAT: £1,500,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - UNITED KINGDOM

#### **II.2.4) Description of the procurement**

#### **II.2.5) Award criteria**

Price is not the only award criterion and all criteria are stated only in the procurement documents

#### **II.2.6) Estimated value**

Value excluding VAT: £1,500,000

## **II.2.7) Duration of the contract, framework agreement or dynamic purchasing system**

End date

31 December 2024

This contract is subject to renewal

No

## **II.2.10) Information about variants**

Variants will be accepted: No

## **II.2.11) Information about options**

Options: No

## **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

# **Section IV. Procedure**

## **IV.1) Description**

### **IV.1.1) Type of procedure**

Open procedure

Accelerated procedure

Justification:

The Tender is being conducted under the Accelerated Procedure which means that it is a single stage process. MDC has determined that a state of urgency exists that renders impracticable the time limit laid down in the PCR. Therefore, the time limit shall be not less than 15 days from the date on which the contract notice is sent. The rationale for this decision is that the current LIMS contract is due to end in April 2021 and there is not enough time to undertake a full open procedure tendering exercise.

### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: Yes

## **IV.2) Administrative information**

### **IV.2.2) Time limit for receipt of tenders or requests to participate**

Date

20 February 2021

Local time

12:00pm

### **IV.2.4) Languages in which tenders or requests to participate may be submitted**

English

### **IV.2.6) Minimum time frame during which the tenderer must maintain the tender**

Duration in months: 3 (from the date stated for receipt of tender)

### **IV.2.7) Conditions for opening of tenders**

Date

20 February 2021

Local time

12:05pm

---

## **Section VI. Complementary information**

### **VI.1) Information about recurrence**

This is a recurrent procurement: Yes

### **VI.4) Procedures for review**

#### **VI.4.1) Review body**
