Offshore Decommissioning and Removal of Royal Sovereign Lighthouse

Reference number

T0389

II.1.2) Main CPV code

- 45111000 - Demolition, site preparation and clearance work

II.1.3) Type of contract

Works

II.1.4) Short description

Trinity House has an offshore structure called Royal Sovereign Lighthouse which is coming to the end of its serviceable life. The Royal Sovereign Lighthouse is located in the English Channel, approximately 7nM due east of Beachy Head on the U.K. south coast.

In 2019, a Prior Information Notice (PIN) was published to notify the market of the future tender opportunity for the decommissioning, removal and disposal of the Royal Sovereign Lighthouse. The publication of this PIN is to advertise further market engagement activities.

Trinity House have now prepared a questionnaire that can be completed by organisations interested in tendering. The aim of this questionnaire is to provide additional information to interested contractors and to receive information from the marketplace that will assist Trinity House with the planning and development of the Tender process. This questionnaire is available online and the feedback received will help with preparing the restricted tender process.

II.1.5) Estimated total value

Value excluding VAT: £6,000,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UKJ21 - Brighton and Hove

Main site or place of performance

Brighton and Hove

II.2.4) Description of the procurement

The technical solution sought from this procurement will be the safe, compliant to applicable laws and other relevant regulations, decommissioning, removal and disposal of elements of the Royal Sovereign Lighthouse currently deemed to be structurally at risk. We consider these to be the upper platform (topsides) and the tubular column. The base is to remain on the seabed for the foreseeable future. There will likely be, a 2-3 year performance window to complete the works.

The Scope of Procurement is to appoint an experienced, cost-effective contractor to deliver the technical solution, including provision of all required resources and the disposal of all generated waste in compliance with relevant laws and regulations.

Full detail of the requirements and performance criteria will be released with the Invitation to Tender (ITT) which will be in the form of a restricted tender process. Tendering organisations must pre-qualify and reach the shortlist requirements to view the ITT.

II.2.14) Additional information

Background information will be provided at both market engagement and pre-qualification stage.

The estimated value is between £3,500,000 and £8,500,000. The estimated total value published on this notice indicates the expected region of tenders.

Responses to the Market Engagement Questionnaire launched along this Notice should be received by 4th March 2021 to etender@trinityhouse.co.uk

II.3) Estimated date of publication of contract notice

3 February 2021

Section IV. Procedure

IV.1) Description

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: Yes
