The procurement documents are available for unrestricted and full direct access, free of charge, at

<https://in-tendhost.co.uk/universityofbirmingham.aspx/Home>

Additional information can be obtained from the above-mentioned address

Tenders or requests to participate must be submitted to the above-mentioned address

I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Education

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

PPM (Project Portfolio Management) Cloud Based Solution

Reference number

FRAM562/22

II.1.2) Main CPV code

- 48000000 - Software package and information systems

II.1.3) Type of contract

Supplies

II.1.4) Short description

The University of Birmingham invites tenders for the provision of a resource, portfolio and project management cloud-based software solution for use across the IT department, with the potential of extending it to the entire organisation. The University and the IT department have a number of aims in regards to this Solution: 1) To improve the utilisation of IT Services resources and Projects. Currently the University has an incomplete picture of capacity and availability of IT Services staff to support IT Services operations and change work. 2) To provide a more efficient way for project managers to report on project progress and constraints (time, resourcing, cost, scope, quality, risks and issues), and manage their projects within the solution as required. 3) To improve decision making in relation to IT Services portfolio prioritisation (operations and change work), using timely reporting in relation to available IT Services staff resources and any other operations/change work

II.1.5) Estimated total value

Value excluding VAT: £80,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 48000000 - Software package and information systems

II.2.3) Place of performance

NUTS codes

- UKG31 - Birmingham

II.2.4) Description of the procurement

The University of Birmingham invites tenders for the provision of a resource, portfolio and project management cloud-based software solution for use across the IT department, with the potential of extending it to the entire organisation. The University and the IT department have a number of aims in regards to this Solution: 1) To improve the utilisation of IT Services resources and Projects. Currently the University has an incomplete picture of capacity and availability of IT Services staff to support IT Services operations and change work. 2) To provide a more efficient way for project managers to report on project progress and constraints (time, resourcing, cost, scope, quality, risks and issues), and manage their projects within the solution as required. 3) To improve decision making in relation to IT Services portfolio prioritisation (operations and change work),

using timely reporting in relation to available IT Services staff resources and any other operations/change work constraints.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

48

This contract is subject to renewal

No

II.2.10) Information about variants

Variants will be accepted: Yes
