Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Towage Services - Portsmouth International Port

II.1.2) Main CPV code

- 63727000 - Towing and pushing services of ships

II.1.3) Type of contract

Services

II.1.4) Short description

Portsmouth City Council ('the council') is inviting tenders from suitably qualified and experienced operators for the provision of a towage service, so as to provide a reliable, cost effective, quality service to its customers. The successful operator is to base, as a minimum, 2 in number 40 ton bollard pull tugs within Portsmouth International Port at all times.

The Council is targeting to have awarded the contract on 8th July to allow for mobilisation and contract commencement on 12th October 2022.

Tenderers have the opportunity to bid on the basis of one compulsory Lot (Lot 1) and one further optional Lot (Lot 2). The Council will decide on which lot offers better value and best addresses operational requirements following evaluation of tender submissions and award to highest scoring tender for the Lot option selected.

- Lot 1 is for an initial contract term of five years with the possibility of extending the term by a further five years to a maximum total term of ten years.
- Lot 2 for an initial contract term of seven years with the possibility of extending the terms by a further three years to a maximum total terms of ten years

For both lots extensions will be in increments to be agreed, subject to the agreement and performance of both parties.

The contract value that the successful supplier may be able to generate from delivery of the service is forecast to be between approximately £800,000 to £2million per annum dependent on trade requirements and tariffs set.

The successful provider will invoice customers directly. Historic vessel call levels (exclusive of fuel barges etc) have been included as an appendix to the specification for this service provision. The council, whilst able to provide reasonable forecasts cannot guarantee levels of usage by vessels requiring towage.

As an open port Portsmouth International Port cannot oblige its customers to use the services of the supplier but will promote and endorse use of the supplier subject to honouring service levels, terms, financial arrangements and charges.

The Council are prepared to underwrite a minimum turnover figure for this contract if required, the value for which will form part of the cost evaluation. The Council will only underwrite where evidence is provided of making reasonable endeavours to mitigate losses and provision of local operating account, on a fully open book basis in accordance with the specification and contract terms.

The procurement process run to establish the contract will be in accordance with the Open Procedure as set out within the Public Contracts Regulations (2015).

The procurement procedure will be run in accordance with the following summary programme:

Closing date for clarifications - 15th February 2022

Tender submission returned - 4 March 2022

Evaluation period - March to early June 2022 (to include interviews if required)

Standstill period - from 27 June 2022 to 7 July 2022

Award contract - 8 July 2022

Mobilisation period - 9 July 2022 to 11 October 2022

Contract start date - 12 October 2022

Application is via submission of completed tender by 4th March 2022 12:00 via the Council's e-sourcing system InTend which is accessible via: <https://in-tendhost.co.uk/portsmouthcc/aspx/home>. The system will be used to administrate the procurement process.

II.1.5) Estimated total value

Value excluding VAT: £20,000,000

II.1.6) Information about lots

This contract is divided into lots: Yes

Tenders may be submitted for all lots

Maximum number of lots that may be awarded to one tenderer: 1

II.2) Description

II.2.1) Title

Lot 1 - Initial term of 5 years (with possibility of extending up to max of 10 years)

Lot No

1

II.2.2) Additional CPV code(s)

- 60651000 - Hire of vessels with crew
- 60653000 - Hire of boats with crew
- 63720000 - Support services for water transport

II.2.3) Place of performance

NUTS codes

- UKJ31 - Portsmouth

Main site or place of performance

Portsmouth International Port, Wharf Rd, Portsmouth, PO2 8RU and surrounding Portsmouth Harbour environs

II.2.4) Description of the procurement

Tenderers MUST submit complete tenders for Lot 1.

- Lot 1 is for an initial contract term of five years with the possibility of extending the term by a further five years to a maximum total term of ten years. Extensions will be in increments to be agreed, subject to the agreement and performance of both parties.

All contractors must have the ability and experience to provide comprehensive towage

services as described in the specification included in the tender pack.

A summary of the provisions of service includes but is not limited to:

- A minimum of two tugs are to be permanently based within Portsmouth International Port at any one time, providing cover 24 hours a day, 365 days per year.
- Tugs should be available to Portsmouth International Port customers within a 90 minute notice period. This will be reduced to a 30 minute notice period when wind is such that ferries require mandatory towage under Queen's Harbour Master General Directions.
- Tugs should be permanently manned during heavy weather periods to support ferry operations in accordance with Portsmouth International Port's requirements as per specification supplied within the tender pack.
- Tugs will be able to undertake other work within the local area but priority must always be given to the needs of Portsmouth International Port's customers. Turnover generated by the tugs based within Portsmouth International Port must be included within any minimum turnover requirement.
- Periods of servicing and maintenance of the tugs are to be planned so as to limit any down time and a replacement tug of the correct specification is to be based at Portsmouth International Port should one of the usual tugs be out of action for any reason.
- On occasion a vessel may require a third tug. The Contractor should have procedures in place to be able to provide this third tug when required. An eight hour notice period will be given if a third tug is needed.

II.2.5) Award criteria

Price is not the only award criterion and all criteria are stated only in the procurement documents

II.2.6) Estimated value

Value excluding VAT: £20,000,000

II.2.7) Duration of the contract, framework agreement or dynamic purchasing system

Duration in months

120

This contract is subject to renewal

Yes

Description of renewals

The initial contract term is for five years with the possibility of extending the term by a further five years to a maximum total term of ten years. Extensions will be in increments to be agreed, subject to the agreement and performance of both parties.

Date

4 March 2022

Local time

12:01pm

Section VI. Complementary information

VI.1) Information about recurrence

This is a recurrent procurement: Yes

Estimated timing for further notices to be published: If the contract is awarded via Lot 1 and no extension options are taken up a further notice is likely to be published in early 2027. This will be dependent on the nature of future requirements and the need for a new contract.

VI.3) Additional information

Portsmouth International Port is the UK's most successful council-owned port and is considered to be a major UK port, responsible for handling millions of customers and vital cargo across the globe. With easy access from the motorway and major shipping lanes the port is ideally placed for ferries, cruise and freight.

Portsmouth Cruise and Ferry Port has five RO/RO berths serving both ferries and cruise ships, with regular ferry sailings to France, Spain and the Channel Islands, and both full turnaround and port of call cruise calls.

Portico operate the two conventional quays at Portsmouth International Port (Albert Johnson Quay and Flathouse Quay) dealing with many types of project cargo, dry bulk and break bulk loads and also specialise in fresh produce.
