### **Section I: Contracting entity**

#### **I.1) Name and addresses**

NATIONAL GRID UK LIMITED

National Grid House, Warwick Technology Park

Warwick

CV34 6DA

#### **Contact**

Clive Redington

#### **Email**

[Clive.Redington@nationalgrid.com](mailto:Clive.Redington@nationalgrid.com)

#### **Country**

United Kingdom

#### **NUTS code**

UK - United Kingdom

**Internet address(es)**

Main address

[www.nationalgrid.com](http://www.nationalgrid.com)

**I.3) Communication**

Additional information can be obtained from the above-mentioned address

**I.6) Main activity**

Electricity

---

## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Threat Intelligence and Digital Risk

#### **II.1.2) Main CPV code**

- 72000000 - IT services: consulting, software development, Internet and support

#### **II.1.3) Type of contract**

Services

#### **II.1.4) Short description**

National Grid is looking to continue to deliver and enhance their Threat & Risk Management capabilities and ensure the external services utilised are still relevant, providing the most value and strategic partners.

Operationally, it's key that National Grid achieve improved service delivery across the areas of security; including Security Operations, Threat Intelligence, Vulnerability Management, and Risk Management teams. It is critical that all services can flex to meet our future needs whilst insuring stability in the current operating environment.

The required services, ranging from Threat Intelligence, Vulnerability Management, Digital Risk Management and Third Party Risk will be used to detect and respond to cyber threats and vulnerabilities outside the network perimeter and will enable protection, monitoring, and give early indication of security risks. This must be done according to regulated policies to maintain security of National Grid, its reputation, data, assets and to manage impact of security events affecting our third parties.

#### **II.1.5) Estimated total value**

Value excluding VAT: £1,950,000

#### **II.1.6) Information about lots**

This contract is divided into lots: Yes

The contracting authority reserves the right to award contracts combining the following lots or groups of lots:

1. Threat Intelligence

2. Vulnerability Management

3. Digital Risk Management

4. Third Party Risk

## **II.2) Description**

### **II.2.1) Title**

Threat Intelligence

Lot No

1

### **II.2.2) Additional CPV code(s)**

- 72000000 - IT services: consulting, software development, Internet and support

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom
- US - United States

### **II.2.4) Description of the procurement**

A cyber threat intelligence feed including strategic and technical intelligence on threat actors and attack patterns. Intelligence should provide regular reporting to inform the Security team of changes to the threat landscape and new threats. The service must also enable integration with a Threat Intelligence Platform to enable automated actions.

## **II.2) Description**

### **II.2.1) Title**

Vulnerability Management

Lot No

2

### **II.2.2) Additional CPV code(s)**

- 72000000 - IT services: consulting, software development, Internet and support

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom
- US - United States

### **II.2.4) Description of the procurement**

An external vulnerability management service that detects vulnerabilities to National Grids externally facing assets through continuous assessment of the digital footprint. Such a service will detect exposed services, open ports, and vulnerabilities. Tactical reporting will enable timely resolution, and the service will enable integration with centralised logging to allow for automated response.

## **II.2) Description**

### **II.2.1) Title**

Digital Risk Management

Lot No

3

### **II.2.2) Additional CPV code(s)**

- 72000000 - IT services: consulting, software development, Internet and support

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom
- US - United States

### **II.2.4) Description of the procurement**

A digital risk management service will scan open, deep, and dark web resources to identify risks to National Grid. Examples include potential phishing domains, data loss, or credentials. Tactical reporting will enable timely resolution, and the service will enable integration with centralised logging to allow for automated response.

## **II.2) Description**

### **II.2.1) Title**

Third Party Risk

Lot No

4

### **II.2.2) Additional CPV code(s)**

- 72000000 - IT services: consulting, software development, Internet and support

### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom
- US - United States

### **II.2.4) Description of the procurement**

A focus on third party risk management; this service should provide insight into risks associated with third parties; such as security incidents or data breaches that may have an impact to the security of National Grid.

## **II.3) Estimated date of publication of contract notice**

31 March 2023

---

## **Section IV. Procedure**

### **IV.1) Description**

#### **IV.1.8) Information about the Government Procurement Agreement (GPA)**

The procurement is covered by the Government Procurement Agreement: No

### **IV.2) Administrative information**

#### **IV.2.2) Time limit for receipt of expressions of interest**

Date

28 February 2022

#### **IV.2.4) Languages in which tenders or requests to participate may be submitted**

English

---

## **Section VI. Complementary information**

### **VI.3) Additional information**

We use the Achilles Utilities Vendor Database (UVDB) when compiling lists of potential suppliers for our goods and services requirements. For the majority of our purchases, it is a condition of supplying to National Grid that suppliers are registered on the UVDB. For more information please visit: <https://www.nationalgrid.com/suppliers/new-suppliers>
