Body governed by public law

I.5) Main activity

Other activity

Nuclear Decommissioning

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Journal Access PIN

Reference number

Journal Access

II.1.2) Main CPV code

- 22211000 - Journals

II.1.3) Type of contract

Supplies

II.1.4) Short description

Access to digital Journals and wider publications.

See attached support literature.

II.1.5) Estimated total value

Value excluding VAT: £120,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 22200000 - Newspapers, journals, periodicals and magazines
- 22211100 - Official journals

II.2.3) Place of performance

NUTS codes

- UKD - NORTH WEST (ENGLAND)

II.2.4) Description of the procurement

The Purpose and Lines of Enquiry The purpose of this pre-market engagement PIN is for Sellafield Ltd to gain a greater understanding of the supply chain that supports Journal and Literature Access. We are asking the supply chain, who are interested, to respond to the Lines of Enquiry detailed in this scope and those with the capability to support this requirement through the CTM (enter ref) by (date) using the message function for the PIN. Background Sellafield Ltd manages the operations on the Sellafield Site and its core mission over the coming decades will be to ensure that ageing hazardous facilities are made safe and to decommission the most complex nuclear site in Europe. This mission presents a range of engineering and technical challenges and uncertainties, many of which are unique with no ready-made solutions. Sellafield Ltd are responsible for navigating through these challenges and uncertainties and to enable them to do this work, there are a range of technical and scientific communities within Sellafield Ltd, all of whom require access to academic materials, particularly journals and literature. Access to this information is key to ensure Sellafield Ltd can stay abreast of modern thinking and maintain safe operations. Sellafield Ltd Journal and Literature requirements Sellafield are looking to establish comprehensive access to the world's academic research output in science and technology fields including, but not limited to, the following topics; • Nuclear Industry science and technology • Chemistry • Physics • Materials Science • Microbiology • Measurement Science and Technology • Radiation Physics and technology • Nuclear physics • Process and Chemical Engineering • Non-destructive Evaluation • Analytical Chemistry • Nuclear Chemistry • Civil and Structural Engineering • Fluid Dynamics • Robotics • Artificial Intelligence • Environmental

II.3) Estimated date of publication of contract notice

15 March 2021
