leavers until the age of 25yrs with agreement from permanence and throughcare team's service manager. Care Leavers move towards independence at a pace that is right for them.

Care Leavers develop the skills and the confidence they need to maximise their chances of

successful maturity to adulthood. They receive the right level of practical, emotional and financial support until they are at least 21, and, where necessary, until they are 25. Care

Leavers have accommodation that best meets their needs and helps them to develop their

independent skills safely.

Providers of accommodation and support services should therefore submit applications that

will meet the service needs and provide short and longer term accommodation and support

for young people within this age bracket and suitable to support a wide range of young people to include those with learning and or physical disability, those with emotional and behavioural problems, care leavers, asylum seekers and young people who are identified by

The supported lodgings service provides accommodation and bespoke support for young people who reside within the 'host' own residence, with the 'host' being regarded as a role model and mentor to the young person/s. The service is delivered in the Host's own homes,

and will need to have packages individually tailored to the young person.

The supplier will recruit 10 hosts for the entirety of the 5-year contract that are all able to accommodate a range of needs that fall within a three tier model;

- Tier One- Basic support

Host's provide support to service users living in their home.

All support will be delivered under an agreed support plan and lodgings contract.

- Tier Two – Complex Independent

Complex Independent young people may require a little more support; this young person may have good independent living skills but their personal circumstances may be that they require additional support.

- Tier Three – Complex Dependent

Complex Dependent young people may require more intense support with both their

independent living skills; or their personal circumstances. It is not expected that the 'host' provide personal care for the young person in respect to personal hygiene or medical support.

The Local Authority will state the tier to be applied when the initial referral is made to the supplier.
