I.4) Type of the contracting authority

Body governed by public law

I.5) Main activity

Health

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Adult Critical Care Transfer Services (ACCTS) in the South East Region

Reference number

C106130

II.1.2) Main CPV code

- 85100000 - Health services

II.1.3) Type of contract

Services

II.1.4) Short description

NHS England South East (The Commissioner) invites bids from providers who have the capability and capacity to host and deliver (either directly or via a subcontractor) the substantive service. The host should be an Acute Trust, or an Acute Trust in partnership with a Non-Acute Trust, currently commissioned/contracted to deliver adult critical care/ICU services. This Trust, or Trust partnership/consortium, will work collaboratively within a governance framework of an Adult Critical Care Transfer Service (ACCTS) Partnership Board to set up and host the ACCTS within the South East Region.

This procurement is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioners.

II.1.5) Estimated total value

Value excluding VAT: £39,483,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.2) Additional CPV code(s)

- 85100000 - Health services

II.2.3) Place of performance

NUTS codes

- UKJ - South East (England)

II.2.4) Description of the procurement

NHS England South East (The Commissioner) invites bids from providers who have the capability and capacity to host and deliver (either directly or via a subcontractor) the substantive service. The host should be an Acute Trust, or an Acute Trust in partnership with a Non-Acute Trust, currently commissioned/contracted to deliver adult critical care/ICU services. This Trust, or Trust partnership/consortium, will work collaboratively within a governance framework of an Adult Critical Care Transfer Service (ACCTS) Partnership Board to set up and host the ACCTS within the South East Region.

The ACCTS will be a regionally based critical care transfer service providing consultant led coordination, decision-support and transfer of critically ill patients between hospitals for time critical and non-time critical escalation to specialist care, retrieval, repatriation, and non-clinical transfers for capacity during periods of surge. The ACCTS will provide transfer services for all NHS Acute Trusts within the South East regional geography (i.e. there will be a single contract covering the ICS regions of Buckinghamshire, Oxfordshire and Berkshire West, Frimley Health and Care, Hampshire and Isle of Wight, Kent and Medway, Surrey Heartlands and Sussex).

It is primarily focussed on intra region transfers but must be capable of delivering inter regional transfers and repatriations along patient tertiary referral pathways and during periods of surge capacity when the Adult Critical Care (ACC) service is under pressure. The commissioning of the ACCTS will provide a minimum standard of care and equitable access for all adult patients during transfers.

The service is currently commissioned in an interim arrangement directly with an Ambulance Service Trust in the South East and a London Ambulance provider; this arrangement does not

provide cover to the entire region with some areas undertaking alternative arrangements. As is described in the national toolkits, it is anticipated that the substantive service will be hosted and delivered by an Acute Trust or an Acute Trust in partnership with a Non-Acute Trust, with experience of delivering adult critical care services.

The host will retain contractual and clinical responsibility for the delivery of the ACCTS. The operational and management activity of the ACCTS will be overseen collaboratively within a governance framework of an ACCTS Partnership Board, with representation from the host, Integrated Care Boards (ICBs) and NHSE (as a minimum) and where strategic collaborative decisions will be made about the set up and design of the service, as well as the long-term strategy and reporting.

The ACCTS will operate as a standalone service, which means that whilst the host will hold the substantive or honorary contracts for clinical staff, staff must not function as part of a Critical Care Unit in terms of staffing, day-to-day function or interdependence. Staff must be independent and not have other clinical responsibilities whilst carrying out transfer shifts.

The service will initially operate an extended day time service to maximise cover across 14 hours of the day, although commissioners may wish to work with the provider to extend this during the life of the contract. If so, the intention is that this would be undertaken by permitted contract variation following discussion and agreement between the Commissioner and the provider, provision having been made in this procurement for this to take place if required.

The contracts will be let for an initial term of 5 years, with a possible extension of a further four years, as defined and at the discretion of the Commissioner.

The contract is due to commence on 1st August 2023, with the aim being that transfer services are fully operational by 1st September 2023.

The maximum value of the contract will be £4,387,000 per annum, equating to a total maximum contract value of £39,483,000 over the possible nine year period including extension.

II.2.6) Estimated value

Value excluding VAT: £39,483,000

II.2.7) Duration of the contract or the framework agreement

Duration in months

II.2.14) Additional information

This procurement is being carried out by NHS South, Central and West Commissioning Support Unit (SCW) on behalf of the Commissioners.

Interested providers will be able to view this notice via the 'Live Opportunities' list on the e-procurement system, Atamis, available on the following link: <https://health-family.force.com/s/Welcome>

The services are healthcare services falling within Schedule 3 to the Public Contracts Regulations 2015 ("the Regulations"), which are not subject to the full regime of the Regulations, but are instead governed by the "Light Touch Regime" contained within Chapter 3, Section 7 of the Regulations (Regulations 74 to 77).

The tendering process will be conducted in accordance with the requirements and flexibilities provided by Articles 74 to 76 of the Directive, and Regulations 74 to 76 of the Regulations. The Authority will run a transparent tender process, treating all Bidders equally. For the avoidance of doubt, the Authority will not be bound by the Regulations or the Treaty on the Functioning of the European Union or any other regulations or legislation except for the specific parts or circumstances that apply to the procurement of these Services.

Neither the inclusion of a Bidder selection stage, nor the use of any language or terms found in the Directive or Regulations, nor the description of the procedure voluntarily adopted by the Authority ("Open", "Restricted", "Competitive Procedure with Negotiation", "Competitive Dialogue" or any other description), nor any other indication, shall be taken to mean that the Authority intends to hold itself bound by the Directive or Regulations, save by the provisions applicable to services coming within the scope of Annex XIV of the Directive / Schedule 3 of the Regulations.

The Contracting Authority intends to voluntarily observe the award decision notices provisions and 10 day standstill period described in Regulation 86 of the Regulations.

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.4) Objective rules and criteria for participation

List and brief description of rules and criteria

As described in the ITT documentation

Section IV. Procedure

IV.1) Description
