Description

Procurement Services are looking to create a local and national framework for the provision of Uniforms, Workwear including accessories, footwear and bags, PPE and Associated services such as but not limited to decontamination, repairs, stock management.

Your response will help us design a framework that meets the needs of suppliers and customers to improve the procurement experience across all areas in the public sector.

Scope and LOT structure is still to be determined.

For more information about this opportunity, please visit the Delta eSourcing portal at:

- 90722200 - Environmental decontamination services

Engagement

Engagement deadline

30 January 2026

Engagement process description

The purpose of this engagement is to:

Understand market capability and capacity

Inform the development of the specification

Create an objective pricing mechanism

Explore innovative solutions

Identify potential risks and delivery models

Suppliers and Customers are invited to participate in the following activities:

Online Questionnaire via delta portal tender box and email to arrange 121 meetings on teams.

This is not a call for competition at this stage, it is to explore what is needed in the market place and how best to design the framework to assist public sector spending to offer best value and a route to market that is compliant.
