II.1.4) Short description

The Council is seeking to appoint a contractor to deliver its programme of highway maintenance, traffic management and public realm improvements and changes to the Highway associated with development through agreements under section 278 of the Highways Act 1980. The contract will be a works-only contract based on the NEC 4 Term Service Contract and making use of the national standard specification for highway works.

The Council intends to award the contract for a period of five years commencing on or around 1st July 2022 with an option to extend for a period or periods of up to a further two years. The estimated total value of the contract in II.2.5 is based on the maximum 7-year term. The Council does not offer any guarantee or warranty in respect of the volume or value of work under the contract and interested parties should refer to the procurement documents for further details.

Promoting the Council's values will be an important part of the assessment process. The Council encourages new contractors to operate and provide services in a way that offers the greatest social, environmental, and economic benefit to the Council, residents and communities. The contractor should actively promote greater environmental sustainability by reducing waste and pollution, supporting carbon reduction initiatives, increasing energy efficiency, and engaging in other sustainability programmes.
