II.2.4) Description of the procurement

NHS Derby & Derbyshire Integrated Care Board are seeking to commission the provision of a Community Ophthalmology Triage and Treatment services across the Derby and Derbyshire Integrated Care Board (DDICB) footprint.

The 'Community Ophthalmology Triage and Treatment Service' will comprise of 2 elements covering the DDICB area:

- Community Triage & Treatment Service based in the north and south – for the north, based in one or more locations of which at least one is in the centre of Chesterfield and for the south, based in one or more locations of which at least one is in Derby City centre. This element of The Service includes: desktop triage (administrative and clinical triage), assessment and treatment according to pathways/guidance within The Service, or onward referral to Hospital Eye Services (HES)/other provider for patients' ongoing treatment needs.
- A virtual triage service for the High Peak and Glossop areas – no specific base is required as this is a virtual service. This element of the service includes: desktop (virtual administrative and clinical) triage and onward referral to commissioned community providers for assessment, and treatment or onward referral to HES/other provider for patients' ongoing treatment needs.

The contract will commence 2nd November 2026 for an initial term of 3 years and 5 months with the Commissioner having the option to extend the Contract for up to a further 1 year and 7 months. It is important to note that this procurement includes an affordability threshold. Any bids exceeding the thresholds will be disqualified from the process. Please see published ITT documentation for further information regarding this.

Full details of the service can be found and are included as part of the documentation within the project on Atamis.
