II.2.4) Description of the procurement

The Council has a statutory duty under Section 46 of the Public Health (Control of Disease) Act 1984 to arrange a funeral for any person resident, temporarily resident, or in transit who dies within the district where no third party is willing or able to make the arrangements for burial or cremation. Referrals to the Council requesting assistance for Public Health Funerals, are, predominantly, received from Her Majesty's Coroners Service. However, referrals may come from Residential Homes, Hospitals and Hospices where the General Practitioner (GP) may have, medically, signed the person as 'Deceased' and issued a Medical Death Certificate. As part of this process the council is required to take all such reasonable steps to locate parties that are willing or able to conduct the funeral of the deceased. On the Council receiving the case, an initial search will be undertaken on Council systems to determine if the next of kin can be identified. Where no next of kin is immediately identified the case will be referred to a genealogist company to commence a search for family members who need to be notified of the death and provided the opportunity to take over the funeral arrangements. The Council receives approximately 20 referrals for deceased individuals per annum for which no next of kin is known. If the next of kin are not found or are unwilling or unable to undertake the necessary funeral arrangements for the deceased, the Council will arrange a funeral as per the statutory duty. West Northamptonshire Council wishes to appoint one concessionaire for the provision of National and International genealogy services for the purpose of locating next of kin in order that the Council can comply with its statutory obligations under the Act.
