Scope

Reference

FA2351

Description

Thames Water Utilities Limited is seeking to appoint a partner to deliver comprehensive electricity metering services across its portfolio. The appointed partner will be responsible for providing meter operator, data collection, and data aggregation services, ensuring the continued reliability and efficiency of Thames Water's electricity metering infrastructure.

The scope of this specification covers the provision of electricity metering services for 100% of Thames Water's electric metering portfolio. The successful partner must be suitably accredited and demonstrate compliance with all relevant electricity metering standards. In addition to technical competence, the partner is expected to be proactive in contractual innovation and deliver high-quality performance throughout the contract period. The contract will encompass all aspects of meter operation, data collection, and data aggregation, with a focus on supporting Thames Water's operational and strategic objectives

Thames Water reserves the right to refine the award criteria. Please note that that deadline for asking for access to the PSQ & submitting of the PSQ is 9th January 2026, at 10am.

Total value (estimated)

- £4,800,000 excluding VAT
- £5,800,000 including VAT

Above the relevant threshold

Contract dates (estimated)

- 30 October 2026 to 31 October 2029
- Possible extension to 31 October 2035
- 9 years, 2 days

Description of possible extension:

Options (at Thames Water's discretion) to twice extend for a further term of three years for a total maximum term of 9 years. This would be subject to satisfactory reviews on price and Service Provider performance and no material change to the financial standing of the Service Provider. The Term of the Agreement may be subject to change if unforeseen changes to the business occur.

Options

The right to additional purchases while the contract is valid.

The full scope of the services to be provided and any options that may be considered throughout the term of the agreement, is set out in the Specification issued within the Invitation to Negotiate (ITN) document
