## **Section II: Object**

### **II.1) Scope of the procurement**

#### **II.1.1) Title**

Medical Grade for Clinical Research Sleep and Light Monitors

#### **II.1.2) Main CPV code**

- 33190000 - Miscellaneous medical devices and products

#### **II.1.3) Type of contract**

Supplies

#### **II.1.4) Short description**

Provision of 60 - 80 sleep monitors and 60 - 80 light monitors for Sleep research.

#### **II.1.5) Estimated total value**

Value excluding VAT: £65,000

#### **II.1.6) Information about lots**

This contract is divided into lots: No

### **II.2) Description**

#### **II.2.3) Place of performance**

NUTS codes

- UK - United Kingdom

#### **II.2.4) Description of the procurement**

We are looking for suppliers to register their interest with us, via email

([Eleanor.Hughes@justice.gov.uk](mailto:Eleanor.Hughes@justice.gov.uk)) by Friday 10th February 2023.

We invite any potential suppliers to fill out this Market Engagement Survey, to help the Authority understand the supply market:

Procurement of monitors for the purpose of sleep research. The research question for this project is 'how can sleep be targeted and improved through building design?'. It aims to build our evidence base on what changes in prison design are correlated with improved sleep and in turn improve quality of life (reducing those negative aspects of prison life mentioned above).

We are measuring four design variables impacted by design – noise, light, temperature and humidity – to see what impact these have on sleep.

#### **II.2.13) Information about European Union Funds**

The procurement is related to a project and/or programme financed by European Union funds: No

---

### **Section III. Legal, economic, financial and technical information**

#### **III.1) Conditions for participation**

##### **III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers**

List and brief description of conditions

Medical grade monitors for clinical research.

##### **III.1.2) Economic and financial standing**

List and brief description of selection criteria

Price and meets technical specification

##### **III.1.3) Technical and professional ability**

List and brief description of selection criteria

Must be approved through MoJ Prison Security and Health and Safety standards.

Minimum level(s) of standards possibly required

1. Sleep Monitor Specification – Model is GENEActiv by Activinsights

- a. Designed for clinical trials made to medical grade standards
- b. Battery life – A minimum of 1 week battery life.
- c. No ability to connect via Bluetooth to devices.
- d. Designed for 24 hour wear
- e. Suitable for all age groups
- f. Open source analytics and access to raw data
- g. 100% waterproof
- h. No danger to life

2. Light Monitor –

- a. A monitor that tracks the amount of intensity, spectrum and pattern of light exposure in a wearable form
- b. Rechargeable monitor – a minimum of 1 week battery life.
- c. Access to raw data
- d. Water resistant
- e. Transmit data every 15 seconds
- f. Easy to wear
- g. Compliant with prisons.
