Ministry or any other national or federal authority

I.5) Main activity

Other activity

Research

Section II: Object

II.1) Scope of the procurement

II.1.1) Title

Medical Grade for Clinical Research Sleep and Light Monitors

II.1.2) Main CPV code

- 33190000 - Miscellaneous medical devices and products

II.1.3) Type of contract

Supplies

II.1.4) Short description

Provision of 60 - 80 sleep monitors and 60 - 80 light monitors for Sleep research.

II.1.5) Estimated total value

Value excluding VAT: £65,000

II.1.6) Information about lots

This contract is divided into lots: No

II.2) Description

II.2.3) Place of performance

NUTS codes

- UK - United Kingdom

II.2.4) Description of the procurement

We are looking for suppliers to register their interest with us, via email

(Eleanor.Hughes@justice.gov.uk) by Friday 10th February 2023.

We invite any potential suppliers to fill out this Market Engagement Survey, to help the Authority understand the supply market:

https://forms.office.com/Pages/ResponsePage.aspx?id=KEeHxuZx_kGp4S6MNndq2EOApCOrR6tEjHhbuByf5lxUNzNLSVNGSDVWtKROT01PS09LRlpTQzJLTC4u

Procurement of monitors for the purpose of sleep research. The research question for this project is 'how can sleep be targeted and improved through building design?'. It aims to build our evidence base on what changes in prison design are correlated with improved sleep and in turn improve quality of life (reducing those negative aspects of prison life mentioned above).

We are measuring four design variables impacted by design – noise, light, temperature and humidity – to see what impact these have on sleep.

II.2.13) Information about European Union Funds

The procurement is related to a project and/or programme financed by European Union funds: No

Section III. Legal, economic, financial and technical information

III.1) Conditions for participation

III.1.1) Suitability to pursue the professional activity, including requirements relating to enrolment on professional or trade registers

List and brief description of conditions

Medical grade monitors for clinical research.

III.1.2) Economic and financial standing

List and brief description of selection criteria

Price and meets technical specification

III.1.3) Technical and professional ability

List and brief description of selection criteria

Must be approved through MoJ Prison Security and Health and Safety standards.

Minimum level(s) of standards possibly required

1. Sleep Monitor Specification – Model is GENEActiv by Activinsights

- a. Designed for clinical trials made to medical grade standards
- b. Battery life – A minimum of 1 week battery life.
- c. No ability to connect via Bluetooth to devices.
- d. Designed for 24 hour wear
- e. Suitable for all age groups
- f. Open source analytics and access to raw data
- g. 100% waterproof
- h. No danger to life

2. Light Monitor –

- a. A monitor that tracks the amount of intensity, spectrum and pattern of light exposure in a wearable form
- b. Rechargeable monitor – a minimum of 1 week battery life.
- c. Access to raw data
- d. Water resistant
- e. Transmit data every 15 seconds
- f. Easy to wear
- g. Compliant with prisons.

Section IV. Procedure

IV.1) Description

IV.1.1) Type of procedure

Competitive procedure with negotiation

IV.1.8) Information about the Government Procurement Agreement (GPA)

The procurement is covered by the Government Procurement Agreement: No

IV.2) Administrative information

IV.2.2) Time limit for receipt of expressions of interest

Date

10 February 2023

Local time

11:59pm

IV.2.4) Languages in which tenders or requests to participate may be submitted

English

IV.2.5) Scheduled date for start of award procedures

28 March 2023

Section VI. Complementary information

VI.4) Procedures for review

VI.4.1) Review body
